The University of Sydney
Sidere mens eadem mutato

Though the constellation may change
the spirit remains the same

The Arms

The following is an extract from the document granting Arms to the University, dated May 1857:

Argent on a Cross Azure an open book proper, clasps Gold, between four Stars of eight points Or, on a chief Gules a Lion passant guardant also Or, together with this motto "Sidere mens eadem mutato" ... to be borne and used forever hereafter by the said University of SYDNEY on their Common Seal, Shields, or otherwise according to the Law of Arms.

The motto, which was devised by F L S Merewether, Second Vice-Provost of the University, conveys the feeling that in this hemisphere all feelings and attitudes to scholarship are the same as those of our predecessors in the northern hemisphere.

INTRODUCTION
The University of Sydney was incorporated by an Act of the Legislature of New South Wales on 1 October 1850, and was the first university to be established in Australasia. The Act of incorporation was amended by subsequent Acts enlarging the scope of the University and the whole were consolidated in the University and University Colleges Act 1900 (as amended). This was then replaced by the University of Sydney Act 1989 (as amended).

By a Royal Charter issued 27 February 1858, the degrees of Bachelor of Arts, Master of Arts, Bachelor of Laws, Doctor of Laws, Bachelor of Medicine and Doctor of Medicine granted by the University of Sydney are entitled to rank, precedence and consideration as if the degrees had been granted by any university of the United Kingdom. At the time of its inauguration on 11 October 1852 in the Sydney College Building – now the Sydney Grammar School near Hyde Park – the University had a staff of three professors and a total enrolment of 24 students. Women were admitted to membership of the University in 1881, the degree of Bachelor of Arts being conferred on the first two women graduates in 1885.

By the University of Sydney Act 1989 (as amended), the University is a body corporate consisting of a Senate constituted of official, appointed and elected members. The official members comprise the Chancellor (if the Chancellor is not otherwise a member of the Senate), the Vice-Chancellor and the presiding member of the Academic Board. The appointed members comprise six external persons appointed by the Minister of whom one is to be appointed on the nomination of the Senate (and with Senate having the option of nominating up to two Members of Parliament as part of the six appointed members), and one external person appointed by the Senate. The elected members comprise four persons elected by and from the members of the academic staff of the University, one person elected by and from the non-academic staff of the University, one person elected by and from the undergraduate students of the University (who is not a member of the academic or non-academic staff of the University), one person elected by and from the postgraduate students of the University (who is not a member of the academic or non-academic staff of the University), and five persons elected by and from the graduates of the University (who are not members of the academic or non-academic staff or undergraduate or postgraduate students of the University). Elections must take place in the manner prescribed by the University of Sydney By-law 1999 (as amended).

Of the members of the Senate, at least two must have financial expertise (as demonstrated by relevant qualifications and by experience in financial management at a senior level in the public or private sector), and at least one must have commercial expertise (as demonstrated by relevant experience at a senior level in the public or private sector), and at least one must have financial expertise (as demonstrated by relevant experience at a senior level in the public or private sector). All appointed members of the Senate must have experience and expertise relevant to the functions exercisable by the Senate and an appreciation of the object, values, functions and activities of the University. The majority of members of the Senate must be external persons.

The Senate has power to provide courses, confer degrees, appoint all academic and other staff, and has the entire management and superintendence over the affairs of the University, with power to make by-laws governing discipline, curriculum, and other matters, subject to the approval of the Governor.

The functions of the Academic Board, the University’s principal academic decision-making body subject to the Senate, include maintaining the highest standards in teaching, scholarship and research and, in that process, safeguarding the academic freedom of the University. The Academic Board advises the Senate and the Vice-Chancellor on all academic matters relating to and affecting the University’s teaching and research activities and its educational programs, including general advice on the academic priorities and policies of the University. The faculties and board of studies are responsible for the supervision of teaching and the conduct of examinations.

The faculties/academic colleges/graduate schools in order of establishment in the University are as follows: Arts, Law, Medicine, Science, Engineering (renamed Engineering and Information Technologies in 2006), Dentistry, Veterinary Science, Agriculture (renamed Agriculture, Food and Natural Resources in 2002), Economics (renamed Economics and Business in 1999), Architecture (renamed Architecture, Design and Planning in 2006), Education (renamed Education and Social Work from 2003), Sydney College of the Arts, Sydney Conservatorium of Music, Nursing (renamed Nursing and Midwifery in 2005), Health Sciences, Pharmacy, the Australian Graduate School of Management (at the University of Sydney and the University of New South Wales) (dissolved as a joint venture in 2005), Rural Management (transferred to Charles Sturt University in 2006) and the Graduate School of Government (relocated within the Faculty of Economics and Business in 2005). There is also a Board of Studies in Indigenous Studies that supervises the award of degrees.

In 2006 the former College structure was replaced by a new arrangement of academic entities, as follows:

- Faculties of Engineering and Architecture, comprising the Faculties of Engineering and Information Technologies; and Architecture, Design and Planning
- Faculties of Health, comprising the Faculties of Dentistry; Health Sciences; Medicine; Nursing and Midwifery; and Pharmacy
- Faculties of Science, comprising the Faculties of Agriculture, Food & Natural Resources; Science; and Veterinary Science
- Faculties of Arts, comprising the Faculty of Arts and the Sydney College of the Arts
- Faculty of Economics and Business, including the Graduate School of Government
- Faculty of Education and Social Work
- Faculty of Law
- Sydney Conservatorium of Music

The Camperdown and Darlington campuses, adjoining Parramatta Road and City Road, cover a total area of about 72 hectares, comprising 50.6 hectares administered by the University and 21 hectares granted to the six affiliated colleges. In addition, several important parts of the University are located away from these campuses. These include the Sydney Conservatorium of Music at the redeveloped Greenway Building in Macquarie Street; the Law School in Phillip Street (which will be relocating to the Camperdown Campus); the Faculty of Dentistry at the United Dental Hospital in Chalmers Street and at Westmead; the Faculty of Health Sciences at Lidcombe; Sydney College of the Arts at Rozelle; the Faculty of Nursing and Midwifery at Camperdown; the University Farms, University Veterinary Centre, Camden and teaching and research facilities for the Faculties of Veterinary Science and Agriculture, Food and Natural Resources at Camden; the Crommelin Biological Research Station at Pearl Beach;
Introduction

One Tree Island Marine Biology Research Station; the Plant Breeding Institute, Camden; I.A. Watson Wheat Research Centre, Narrabri; the McGarvie Smith Animal Husbandry Farm near St Marys, the Molonglo Radio Observatory at Bungendore, the Fleurs Radio Astronomy Station near St Marys; the Livingston Farm Management Institute at Moree; and ‘Arthursleigh’ and Mount Pleasant at Marulan. In addition, there are eight major teaching hospitals and over forty other hospitals where medical teaching and research are carried out.

There are over 40 schools and departments in the University, spanning a wide range of interests, and a number of faculties have a unitary structure. In all of them active research and other scholarly activities are carried out aimed at advancing the fund of human knowledge. The University of Sydney has the largest academic library collection in Australia.

The published record of the work and proceedings of the University is contained in the Calendar and the Annual Report. In addition, the University issues annually (or biennially in some cases) a handbook for each faculty, academic college and board of studies. The University also issues a Postgraduate Research and Coursework Handbook and prospectuses for intending undergraduate and graduate students, a Map Guide and various other publications about the University’s achievements.

Copies of all publications may be obtained on application to the Registrar, and the following are available online:

February 27th, 1858

Recites Act of Incorporation.

VICTORIA, by the Grace of God, of the United Kingdom of Great Britain and Ireland, Queen, Defender of the Faith, to all to whom these presents shall come Greeting: Whereas under and by virtue of the provisions of an Act of the Governor and Legislative Council of our Colony of New South Wales, passed in the fourteenth year of our reign, No. 31, intituled ‘An Act to Incorporate and Endow the University of Sydney’, and to which our Royal Assent was granted on the 9th day of December, One Thousand Eight Hundred and Fifty-one, a Senate, consisting of Sixteen Fellows, was incorporated and made a body politic with perpetual succession, under the name of the University of Sydney, with power to grant, after Examination, the several degrees of Bachelor of Arts, Master of Arts, Bachelor of Laws, Doctor of Laws, Bachelor of Medicine, and Doctor of Medicine, and to examine for Medical Degrees in the four Branches of Medicine, Surgery, Midwifery and Pharmacy. And whereas our trusty and well-beloved Sir William Petition of Senate.

Thomas Denison, Knight Commander of our most honourable Order of the Bath, Lieutenant-Colonel in the Royal Engineers, our Captain-General and Governor-in-Chief in and over our said Colony, has transmitted to us the humble Solicitation of recognition of Degrees conferred by the University.

Petition of the Senate of the said University of Sydney under their common seal, dated the 9th day of February, One Thousand Eight Hundred and Fifty-seven, wherein is set forth a statement of the establishment of the said University, the appointment of learned Professors of the Faculty of Arts, and the Provisions adopted and to be made by an Act of the said Governor and Legislature shall not, so long as the same or a like standard of knowledge is in the opinion of the said Governor preserved as a necessary condition for obtaining the aforesaid degrees therein, in any manner annul, abrogate, circumscribe, or diminish the privileges conferred on the said University by these our Royal Letters Patent, nor the ranks, rights, privileges, and consideration conferred by such degrees. And, lastly, we do hereby for us, our heirs, and successors, grant and declare that the Degrees of Bachelor of Arts, Master of Arts, Bachelor of Laws, Doctor of Laws, Bachelor of Medicine, and Doctor of Medicine, already granted or conferred or hereafter to be granted or conferred by the Senate of the said University shall be recognised as Academic distinctions and rewards of merit and be entitled to rank, precedence, and consideration in our United Kingdom and in our Colonies and possessions throughout the world as fully as if the said Degree had been granted by any University of our said United Kingdom. And we further will and ordain that any variation of the Constitution of the said University which may at any time or from time to time be made by an Act of the said Governor and Legislature shall be construed and adjudged in the most favourable and beneficial sense to the best advantage of the said University, as well in all our courts as elsewhere, notwithstanding any non-recital, uncertainty, or imperfection in these our Letters Patent. In witness whereof we have caused these our Letters to be made Patent.

Witness ourself at Westminster, the Twenty-seventh day of February, in the Twenty-first year of our Reign.

BY WARRANT under the Queen’s sign manual.

53.1 For enrolment in some units of study, applicants must successfully complete specified subjects in the HSC or equivalent or an audition. These are called prerequisites.
53.2 Prerequisites apply to some foreign languages, where first-year units of study are given at a number of different levels. A prescribed level of knowledge may be necessary before a student is admitted to the higher level units of study.

54. **Assumed knowledge**
54.1 For some first year units of study, students are assumed to have reached a certain level of knowledge, expressed in terms of programs studied and performance achieved at the HSC or equivalent.

54.2 Students who have not reached the level of knowledge assumed may enrol in any unit of study as part of a course for which they have received an offer of a place, but before enrolling they should undertake any supplementary work recommended. 56.1.2 applicants granted deferment from a course at the Sydney Conservatorium of Music are required to complete a further satisfactory audition prior to commencement of studies.
56.2 All other categories of applicant (that is, those admitted under tertiary or other criteria, or those who completed secondary studies other than in the preceding year) will not be permitted to defer enrolment unless there have been extreme and unpredictable changes in circumstances.

**Division 8: Granting credit**

57. **Credit for previous study or recognised prior learning**
57.1 A candidate may be granted credit towards the requirements of a course on the basis of previous study or recognised prior learning. Credit will be granted in accordance with Academic Board policy and the specific resolutions for the course concerned. Candidates granted credit are also described as having been admitted with advanced standing.
57.2 Generally, credit will not be granted for units of study completed more than 10 years before admission to candidature for the course concerned.
57.3 When granting credit for units of study, faculties may impose requirements with respect to progression to more advanced units within a particular course and with respect to the time limits for completion of the course.
57.4 A candidate seeking credit for units of study completed towards an incomplete course should indicate that he or she has abandoned credit in respect of that course.
57.5 A graduate may be granted a limited amount of credit in respect of a completed course. Except where provided otherwise in the specific resolutions for the course concerned, a graduate who is admitted to candidature for a degree of bachelor with credit for completed units of study shall attend units of study for the equivalent of at least two full-time years in that course, unless additional credit from an incomplete course or courses has also been granted.

58. **Credit for units of study after exclusion from another institution**
A student who has been admitted to candidature for a course at the University of Sydney after having been excluded, or having been asked to show good cause why he or she should not be excluded, from another tertiary institution, shall not be automatically granted credit for units of study completed at the other institution. Such a student may, however, at the discretion of the faculty concerned, be granted credit for or exemption from or in particular units of study on the grounds of the work completed at the other institution.

**Division 9: Concurrent enrolment**

59. **Approval must be sought**
59.1 A candidate for a course at the University of Sydney must seek approval from the Deans of the Faculties concerned before...
enrolling in a further concurrent course or courses at any level, other than approved combined degree programs.

59.2 A candidate enrolled in more than one course (other than approved combined degree programs) may not count any particular unit of study towards meeting the requirements of more than one of those courses, other than satisfying prerequisite, corequisite and qualifying requirements.

Division 10: Admission to candidacy for postgraduate courses

60. Admission requirements

60.1 Admission requirements for each postgraduate course are defined within the resolutions of the Senate relating to that course in terms of the minimum qualifications required.

60.2 A Dean may admit to candidacy for any postgraduate course an applicant who:

60.2.1 is either:

60.2.1.1 a graduate of another institution holding equivalent qualifications that should ensure that a person admitted to candidacy will make satisfactory progress; or

and shall attend at the University for such consultation with the supervisor and shall participate in such departmental and faculty seminars as shall annually be specified.

61.2 A candidate shall be regarded as engaging in work within the University if he or she is undertaking approved distance and/or off-campus study, this being a mode of study in which the student would not be in regular physical attendance on a designated campus of the University.

61.3 Except in respect to a candidate undertaking approved distance and/or off-campus study, a candidate pursuing candidacy outside Australia must also complete a cumulative minimum period of candidacy within the University that, in the case of a candidate for the degree of Doctor of Philosophy is a minimum of two semesters, and in the case of a research master's candidate is a minimum of one semester.

62. Review of progress

71.2 The committee shall consider whether the applicant is eligible for admission to candidature, whether the published work is in a field appropriate for the nominated degree and which the faculty is competent to examine at that level and, if so, shall make an assessment of the prima facie worthiness for examination of the published work in terms of Rule 66 of these resolutions.

71.3 The committee, if it finds that a prima facie case exists, shall recommend to the faculty or board of studies concerned that it recommend to the Academic Board:

Division 4: Doctor of Philosophy (PhD)

Part 10, Division 4 has been repealed and replaced by a new rule, the University of Sydney (Doctor of Philosophy (PhD)) Rule 2004.

Division 5: Higher degree theses

89. Lodgment

89.1 In all cases where a higher degree has been awarded, after examination of a thesis the Registrar shall lodge with the University Librarian one bound copy of the thesis, printed on permanent or archival paper.

89.2 It is the policy of the Senate that a candidate for a higher degree should not normally be permitted to undertake a program of advanced study and research which is likely to result in the lodgment of a thesis which cannot be available for use immediately, to be read, photocopied or microfilmed, except as provided in Rule 92 below.

89.3 An applicant for admission to candidature for a higher degree shall be required to acknowledge awareness of this policy when applying for such admission.

89.4 Subject to Rules 80 and 91, a higher degree thesis lodged in the University Library or in a departmental library shall be available immediately for use. The University Librarian (or, in the case of a departmental library, the head of department) may supply a copy of the thesis to an individual for research or study, or to a library.

89.5 Except as provided in Rule 90, a candidate for a higher degree lodging a thesis for examination shall sign the following undertaking:

"I ............................................. understand that if I am awarded a higher degree for my thesis entitled '..................................................' being lodged herewith for examination, the thesis will be lodged in the University Library and be available immediately for use. I agree that the University Librarian (or, in the case of a departmental library, the head of department) may supply a copy of the thesis to an individual for research or study or to a library.

Signed....................................Date................"

90. Use of confidential material

90.1 If, at any time between application for admission to candidature and the lodgment of the thesis, it shall appear to the supervisor and to the head of the department that successful prosecution
of the candidature will require the use of confidential material which the candidate would not be at liberty fully to disclose in the thesis, the matter shall be reported as soon as practicable to the faculty or board of studies concerned.

90.2 The faculty or board of studies may, if it thinks fit, recommend to the Research and Research Training Committee of the Academic Board that the candidate be granted:

90.2.1 permission to include in an appendix to the thesis such material as is essential to the thesis but which, for a limited period, may not be available for general inspection; and

90.2.2 exemption, in respect of such an appendix, from the requirement to give the undertaking specified in Rule 89.5.

90.3 Subject to the provisions of Rule 91, if the Research and Research Training Committee of the Academic Board resolves to grant such permission and exemption, the University Librarian shall restrict access, for a period to be specified by the Research and Research Training Committee of the Academic Board, to any appendix referred to in Rule 90.2.2. This period of restriction shall not exceed five years unless there are exceptional reasons for an extension of the period.

91. Access to restricted thesis

91.1 The University Librarian may grant access to an appendix to a thesis to which access has been restricted in accordance with Rule 90.3, to a scholar who:

91.1.1 demonstrates bona fide concern with the material in that appendix; and

91.1.2 has the written consent of either:

91.1.2.1 the author of the thesis, or

91.1.2.2 the head of the department concerned in a case where the author cannot be contacted, notwithstanding that all reasonable steps have been taken to contact him or her.

91.2 Notwithstanding any other provision of these resolutions, the examiners of a thesis, including any committee or board of postgraduate studies of a faculty or board of studies or any committee of the Academic Board which is directly concerned with the examination of such thesis, shall have access to the thesis and any appendix of it for the purposes of any examination or re-examination.

91.3 Immediately a candidate for a higher degree lodges the prescribed number of copies of the thesis with the Registrar for examination, the Registrar shall arrange for a label stating the rights of the author under the laws relating to copyright to be affixed to the inside of the front cover of each copy or to any disk or other electronic medium on which the thesis is submitted.

92. Public availability of theses

92.1 For the purposes of this Part 10, references to 'theses' shall be taken to include also reference to treatises, dissertations and other similar productions where there is a requirement that a copy of the production be lodged by the Registrar with the University Librarian.

92.2 The Senate recognises that there are certain circumstances where deferment of the public availability of the thesis is appropriate.

92.3 In a case where a candidate or potential candidate is to be associated with a project in collaboration with industry that has potential for concern over exploitation of intellectual property, the Dean, if satisfied that the circumstances warrant it, may recommend to the Research and Research Training Committee of the Academic Board that:

92.3.1 the candidate or prospective candidate be granted exemption from the requirement to give the undertaking specified in Rules 89.3 and 89.5; and

92.3.2 authorisation be given to the Registrar to delay lodgment of the thesis in the Library for a period that, except in exceptional circumstances, shall not exceed 18 months from the date of the award of the degree.

92.4 The Senate authorises the Chair of the Research and Research Training Committee to approve such applications where the Chair is satisfied that they are appropriate.

92.5 If, at any time between application for admission to candidate and the lodgment of the thesis, it shall appear to the candidate, supervisor and to the head of the department that there are reasons to believe that the candidate's interests would be at risk if the thesis were immediately made available, the candidate may apply in writing for deferment of the availability of that thesis in the University Library for a specific period of time. Any such application should set out clearly the reasons for the request and include supporting evidence, as appropriate.

92.6.1 authorise the Registrar not to lodge the thesis in the Library for a period not exceeding 6 months from the date of award of the degree; and

92.6.2 recommend to the Research and Research Training Committee of the Academic Board that a longer period of deferment, or an extension of the original deferment, be approved provided that, except in exceptional circumstances, the total period shall not exceed 18 months.

Preliminary

1. Commencement and purpose of Rule
1.1 This Rule is made by the Senate pursuant to section 37(1) of the University of Sydney Act 1989 for the purposes of the University of Sydney By-Law 1999.
1.2 This Rule comes into force on 1 January 2001.
1.3 This Rule governs all coursework award courses in the University. It is to be read in conjunction with the University of Sydney (Amendment Act) Rule 1999 and the Resolutions of the Senate and the faculty resolutions relating to each award course in that faculty.

Rules relating to coursework award courses

1. Definitions
In this Rule:
1.1 award course means a formally approved program of study which can lead to an academic award granted by the University.
1.2 coursework means an award course not designated as a research award course. While the program of study in a coursework award course may include a component of original, supervised research, other forms of instruction and learning normally will be dominant. All undergraduate award courses are coursework award courses.
1.3 credit means advanced standing based on previous attainment in another award course at the University or at another institution. The advanced standing is expressed as credit points granted towards the award course. Credit may be granted as specific credit or non-specific credit.
1.3.1 specific credit means the recognition of previously completed studies as directly equivalent to units of study;
1.3.2 non-specific credit means a ‘block credit’ for a specified number of credit points at a particular level. These credit points may be in a particular subject area but are not linked to a specific unit of study; and
1.3.3 credit points means a measure of value indicating the contribution each unit of study provides towards meeting award course completion requirements stated as a total credit point value.
1.4 dean means the dean of a faculty or the director or principal of an academic college or the chairperson of a board of studies.
1.5 degree means a degree at the level of bachelor or master for the purpose of this Rule.
1.6 embedded courses/programs means award courses in the graduate certificate/graduate diploma/master’s degree by coursework sequence which allow unit of study credit points to count in more than one of the awards.
1.7 faculty means a faculty, college board, a board of studies or the Australian Graduate School of Management Limited as established in each case by its constitution and in these Rules refers to the faculty or faculties responsible for the award course concerned.
1.8 major means a defined program of study, generally comprising specified units of study from later stages of the award course.
1.9 minor means a defined program of study, generally comprising units of study from later stages of the award course and requiring a smaller number of credit points than a major.
1.10 postgraduate award course means an award course leading to the award of a graduate certificate, graduate diploma, degree of master or a doctorate. Normally, a postgraduate award course requires the prior completion of a relevant undergraduate degree or diploma.
1.11 research award course means an award course in which students undertake and report systematic, creative work in order to increase the stock of knowledge. The research award courses offered by the University are: higher doctorate, Doctor of Philosophy, doctorates by research and advanced coursework, and certain degrees of master designated as research degrees. The systematic, creative component of a research award course must comprise at least 66 per cent of the overall award course requirements.
1.12 stream means a defined program of study within an award course, which requires the completion of a program of study specified by the award course rules for the particular stream, in addition to the core program specified by award course rules for the award course.
1.13 student means a person enrolled as a candidate for a course.
1.14 testamur means a certificate of award provided to a graduate, usually at a graduation ceremony.
1.15 transcript or academic transcript means a printed statement setting out a student’s academic record at the University.
1.16 unit of study means the smallest stand-alone component of a student’s award course that is recordable on a student’s transcript. Units of study have an integer credit point value, normally in the range 3–24.
1.17 undergraduate award course means an award course leading to the award of an associate diploma, diploma, advanced diploma or degree of bachelor.

2. Authorities and responsibilities
2.1 Authorities and responsibilities for the functions set out in this Rule are also defined in the document Academic Delegations of Authority. The latter document sets out the mechanisms by which a person who has delegated authority may appoint an agent to perform a particular function.
2.1 The procedures for consideration of, and deadlines for submission of, proposals for new and amended award courses will be determined by the Academic Board.

Division 1: Award course requirements, credit points and assessment

3. Award course requirements
3.1 To qualify for the award of a degree, diploma or certificate, a student must:
3.1.1 complete the award course requirements specified by the Senate for the award of the degree, diploma or certificate concerned;
3.1.2 complete any other award course requirements specified by the Academic Board on the recommendation of the faculty and published in the faculty resolutions relating to the award course;
3.1.3 complete any other award course requirements specified by the faculty in accordance with its delegated authority and published in the faculty resolutions relating to the award course; and
3.1.4 satisfy the requirements of all other relevant by-laws, rules and resolutions of the University.

4. Units of study and credit points
4.1 A unit of study comprises the forms of teaching and learning approved by a faculty. Where the unit of study is being provided specifically for an award course which is the responsibility of another faculty, that faculty must also provide approval.
4.1.2 Any faculty considering the inclusion of a unit of study in the tables of units available for an award course for which it is responsible may review the forms of teaching and learning of that unit, may consult with the approving faculty about aspects of that unit and may specify additional conditions with respect to inclusion of that unit of study.
4.2 A student completes a unit of study if the student:
4.2.1 participates in the learning experiences provided for the unit of study;
4.2.2 meets the standards required by the University for academic honesty;
4.2.3 meets all examination, assessment and attendance requirements for the unit of study; and
4.2.4 passes the required assessments for the unit of study.
4.3 Each unit of study is assigned a specified number of credit points by the faculty responsible for the unit of study.
4.4 The total number of credit points required for completion of an award course will be as specified in the Senate resolutions relating to the award course.
4.5 The total number of credit points required for completion of award courses in an approved combined award course will be specified in the Senate or faculty resolutions relating to the award course.

4.6 A student may, under special circumstances, and in accordance with faculty resolutions, be permitted by the relevant dean to undertake a unit or units of study other than those specified in the faculty resolutions relating to the award course and have that unit or those units of study counted towards fulfilling the requirements of the award course in which the student is enrolled.

5. Unit of study assessment
5.1 A student who completes a unit of study will normally be awarded grades of high distinction, distinction, credit or pass, in accordance with policies established by the Academic Board. The grades high distinction, distinction and credit indicate work of a standard higher than that required for a pass.

5.2 A student who completes a unit of study for which only a pass/fail result is available will be recorded as having satisfied requirements.

5.3 In determining the results of a student in any unit of study, the whole of the student’s work in the unit of study may be taken into account.

5.4 Examination and assessment in the University are conducted in accordance with the policies and directions of the Academic Board.

6. Attendance
6.1 A faculty has authority to specify the attendance requirements for courses or units of study in that faculty. A faculty must take into account any University policies concerning modes of attendance, equity and disabled access.

6.2 A faculty has authority to specify the circumstances under which a student who does not satisfy attendance requirements may be deemed not to have completed a unit of study or an award course.

Division 2: Enrolment
7. Enrolment restrictions
7.1 A student who has completed a unit of study towards the requirements of an award course may not re-enrol in that unit of study, except as permitted by faculty resolution or with the written permission of the dean. A student permitted to re-enrol may receive a higher or lower grade, but not additional credit points.

7.2 Except as provided in section 7.1, a student may not enrol in any unit of study which overlaps substantially in content with a unit that has already been completed or for which credit or exemption has been granted towards the award course requirements.

7.3 A student may not enrol in units of study additional to award course requirements without first obtaining permission from the relevant dean.

7.4 Except as prescribed in faculty resolutions or with the permission of the relevant dean:

7.4.1 a student enrolled in an undergraduate course may not enrol in units of study with a total value of more than 32 credit points in any one semester, or 16 credit points in the summer session; and

7.4.2 a student enrolled in a postgraduate award course may not enrol in units of study with a total value of more than 24 credit points in any one semester, or 12 credit points in the summer session.

Division 3: Credit, cross-institutional study and their upper limits
8. Credit for previous studies
8.1 Students may be granted credit on the basis of previous studies.

8.2 Notwithstanding any credit granted on the basis of work completed or prior learning in another award course at the University of Sydney or in another institution, in order to qualify for an award a student must:

8.2.1 for undergraduate award courses, complete a minimum of the equivalent of two full-time semesters of the award course at the University; and

8.2.2 for postgraduate award courses, complete at least 50 per cent of the requirements prescribed for the award course at the University.

These requirements may be varied where the work was completed as part of an embedded program at the University or as part of an award course approved by the University in an approved conjoint venture with another institution.

8.3 The credit granted on the basis of work completed at an institution other than a university normally should not exceed one third of the overall award course requirements.

8.4 A faculty has authority to establish embedded academic sequences in closely related graduate certificate, graduate diploma and master’s degree award courses. In such embedded sequences, a student may be granted credit for all or some of the units of study completed in one award of the sequence towards any other award in the sequence, irrespective of whether or not the award has been conferred.

8.5 In an award course offered as part of an approved conjoint venture the provisions for the granting of credit are prescribed in the Resolutions of the Senate and the faculty resolutions relating to that award course.

9. Cross-institutional study
9.1 The relevant dean may permit a student to complete a unit or units of study at another university or institution and have that unit or those units of study credited to the student’s award course.

9.2 The relevant dean has authority to determine any conditions applying to cross-institutional study.

Division 4: Progression
10. Repeating a unit of study
10.1 A student who repeats a unit of study shall, unless granted exemption by the relevant dean:

10.1.1 participate in the learning experiences provided for the unit of study; and

10.1.2 meet all examination, assessment and attendance requirements for the unit of study.

10.2 A student who presents for re-assessment in any unit of study is not eligible for any prize or scholarship awarded in connection with that unit of study without the permission of the relevant dean.

11. Time limits
11.1 A student must complete all the requirements for an award course within ten calendar years or any lesser period if specified by resolution of the Senate or the faculty.

Division 5: Discontinuation of enrolment and suspension of candidature
12. Discontinuation of enrolment
12.1 A student who wishes to discontinue enrolment in an award course or a unit of study must apply to the relevant dean and will be presumed to have discontinued enrolment from the date of that application, unless evidence is produced showing:

12.1.1 that the discontinuation occurred at an earlier date; and

12.1.2 that there was good reason why the application could not be made at the earlier time.

12.2 A student who discontinues enrolment during the first year of enrolment in an award course may not re-enrol in that award course unless:

12.2.1 the relevant dean has granted prior permission to re-enrol; or

12.2.2 the student is reselected for admission to candidature for that course.

12.3 No student may discontinue enrolment in an award course or unit of study after the end of classes in that award course or unit of study, unless he or she produces evidence that:

12.3.1 the discontinuation occurred at an earlier date; and

12.3.2 there was good reason why the application could not be made at the earlier time.

12.4 A discontinuation of enrolment may be recorded as ‘Withdrawn (W)’ or ‘Discontinued – not to count as failure (DNF)’ where that discontinuation occurs within the time-frames specified by the University and published by the faculty, or where the student meets other conditions as specified by the relevant faculty.

13. Suspension of candidature
13.1 A student must be enrolled in each semester in which he or she is actively completing the requirements for the award course. A student who wishes to suspend candidature must first obtain approval from the relevant dean.
13.2 The candidature of a student who has not re-enrolled and who has not obtained approval from the dean for suspension will be deemed to have lapsed.

13.3 A student whose candidature has lapsed must apply for re-admission in accordance with procedures determined by the relevant faculty.

13.4 A student who enrolls after suspending candidature shall complete the requirements for the award course under such conditions as determined by the dean.

Division 6: Unsatisfactory progress and exclusion

14. Satisfactory progress

14.1 A faculty has authority to determine what constitutes satisfactory progress for all students enrolled in award courses in that faculty, in accordance with the policies and directions of the Academic Board.

15. Requirement to show good cause

15.1 For the purposes of this Rule, ‘good cause’ means circumstances beyond the reasonable control of a student, which may include serious ill health or misadventure, but does not include demands of employers, pressure of employment or time devoted to non-University activities, unless these are relevant to serious ill health or misadventure. In all cases the onus is on the student to provide the University with satisfactory evidence to establish good cause. The University may take into account relevant aspects of a student’s record in other courses or units of study within the University and relevant aspects of academic studies at other institutions provided that the student presents this information to the University.

15.2 The relevant dean may require a student who has not made satisfactory progress to show good cause why he or she should be allowed to re-enrol.

15.3 The dean will permit a student who has shown good cause to re-enrol.

16. Exclusion for failure to show good cause

The dean may, where good cause has not been established:

16.1 exclude the student from the relevant course; or

16.2 permit the student to re-enrol in the relevant award course subject to restrictions on units of study, which may include, but are not restricted to:

16.2.1 completion of a unit or units of study within a specified time; and

16.2.2 exclusion from a unit or units of study, provided that the dean must first consult the head of the department responsible for the unit or units of study; and

16.2.3 specification of the earliest date upon which a student may re-enrol in a unit or units of study.

17. Applying for re-admission after exclusion

17.1 A student who has been excluded from an award course or from a unit or units of study may apply to the relevant dean for re-admission to the award course or re-enrolment in the unit or units of study concerned after at least four semesters, and that dean may readmit the student to the award course or permit the student to re-enrol in the unit or units of study concerned.

17.2 With the written approval of the relevant dean, a student who has been excluded may be given credit for any work completed elsewhere in the University or in another university during a period of exclusion.

18. Appeals against exclusion

Repealed and replaced by the University of Sydney (Student Appeals against Academic Decisions) Rule 2006.

Division 7: Exceptional circumstances

19. Variation of award course requirements in exceptional circumstances

19.1 The relevant dean may vary any requirement for a particular student enrolled in an award course in that faculty where, in the opinion of the dean, exceptional circumstances exist.

20.4 Degrees of master by coursework may be awarded three grades – pass, pass with merit or honours.

21. Award of the degree of bachelor with honours

21.1 The award of honours is reserved to indicate special proficiency. The basis on which a student may qualify for the award of honours in a particular award course is specified in the faculty resolutions relating to the course.

21.2 Each faculty shall publish the grading systems and criteria for the award of honours in that faculty.

21.3 Classes which may be used for the award of honours are:

21.3.1 First Class

21.3.2 Second Class/Division 1

21.3.3 Second Class/Division 2

21.3.4 Third Class

21.4 With respect to award courses which include an additional honours year:

21.4.1 a student may not graduate with the pass degree while enrolled in the honours year;

21.4.2 on the recommendation of the head of the department concerned, a dean may permit a student who has been awarded the pass degree at a recognised tertiary institution to enrol in the honours year in that faculty;

21.4.3 faculties may prescribe the conditions under which a student may enrol part-time in the honours year; and

21.4.4 a student who fails or discontinues the honours year may not re-enrol in it, except with the approval of the dean.

22. University Medal

22.1 An honours bachelor’s degree student with an outstanding academic record throughout the award course may be eligible for the award of a University Medal, in accordance with Academic Board policy and the requirements of the faculty resolutions relating to the award course concerned.

23. Award of the degree of master with honours or merit

23.1 The award of honours or pass with merit is reserved to indicate special proficiency or particular pathways to completion. The basis on which a student may qualify for the award of honours or the award with merit in a particular degree is specified in the Faculty Resolutions relating to that degree.

24. Transcripts and testamurs

24.1 A student who has completed an award course or a unit of study at the University will receive an academic transcript upon application and payment of any charges required.

Division 9: Transitional provisions

25. Application of this Rule during transition

25.1 This Rule applies to all candidates for degrees, diplomas and certificates who commenced candidature after 1 January 2001.

25.2 Candidates who commenced candidature prior to this date may choose to proceed in accordance with the resolutions of the Senate in force at the time they enrolled, except that the faculty may determine specific conditions for any student who has re-enrolled in an award course after a period of suspension.

8.2 A candidate who, at the date of admission has completed not less than six months as a candidate for a higher degree in another university or institution may be permitted by the Academic Board, on the recommendation of the faculty concerned, to be credited for the whole or any part of the period of candidature completed as a period completed for the degree of Doctor of Philosophy of the University of Sydney, provided that:

Division 2 – Ownership of intellectual property created by staff members

3. University asserts ownership
3.1 Subject to Rule 4.1, the University asserts ownership of all intellectual property created by a staff member in pursuance of the terms of his or her employment with the University, including, without limitation, copyright in any material that is
3.1.1 teaching material,
3.1.2 computer programs; or
3.1.3 created at the express request or direction of the University.
3.2 In the absence of a third party agreement to the contrary, the ownership and the associated rights of all intellectual property generated from a research project funded by any publicly funded research agency will vest in the University.
4. Exceptions to Rule 3

4.1 The University does not assert copyright ownership over any work created by a staff member that is a work of a scholarly nature, including, without limitation, a journal article, conference paper, creative works or the proceeding or text (“exempt intellectual property”) but subject to the conditions that:

4.1.1 the University retains a non-exclusive, royalty-free, perpetual licence to develop that exempt intellectual property anywhere in the world and in any manner the University thinks fit, subject to any obligation that the University may have relating to any moral right subsisting in that work; and

4.1.2 if the University exercises its rights under Rule 4.1.1, then the originator is entitled to a share of any commercial benefit in accordance with Rule 4.2.

4.2 The University grants to the author of any teaching material that is subject to Rule 3.1 a non-transferable, perpetual, royalty-free licence to use the teaching material created for the sole purpose of teaching any course. This licence does not:

4.2.1 include any right of sub-licence; or

4.2.2 where the teaching material is a work of joint authorship as defined in section 10 of the Copyright Act 1968 (Cwlth), does not confer on the author any additional rights to deal with the teaching materials except as a joint author.

5. Sharing commercial benefits

5.1 Subject to Rule 5.2, staff members who create intellectual property over which the University asserts ownership under Rule 3 are entitled to a share of any commercial benefits that the University receives from developing it in accordance with Rule 14.

5.2 The sharing of commercial benefits with staff members in accordance with Rule 5.1 does not apply to any use of teaching materials as an aid or tool for instruction in a course.

Division 3 – Intellectual property created by students

6. Ownership

6.1 The University does not assert any claim in respect of intellectual property created by a student, unless:

6.1.1 prescribed otherwise by law; or

6.1.2 that the student agrees otherwise (including in any form prescribed by law).

7. Assignment

7.1 A student cannot be required by the University to assign his or her intellectual property:

7.1.1 in order to qualify for enrolment, or to remain enrolled in a course, or to complete the requirements of a course in which he or she has enrolled, under any circumstances; or

7.1.2 otherwise, including where that student is engaged in or otherwise participates in any third party activity, unless that student does so freely and with consent.

Subject to the provisions of any prior agreement between the student and the University, where a student creates intellectual property jointly with a staff member or a visitor, the University will negotiate with that student in connection with the development of that intellectual property.

7.2 If a student wishes to participate in any third party activity or in any activity that has, or may in future create intellectual property that may be the subject of development (“activity”) then, before that student is permitted to begin that activity:

7.2.1 the University may, as a condition of the student participating in that activity, require the student to:

7.2.1.1 assign his or her intellectual property; and

7.2.1.2 give consent with respect to any moral right subsisting in a work, to the extent that either of these relate to or affect the activity concerned;

7.2.2 it is the responsibility of (as the case may be):

7.2.2.1 the person who is in charge of that activity (for example, the chief researcher); and

7.2.2.2 the student’s supervisor,

to notify the student about all requirements for participating in that activity including, without limitation:

7.2.2.2.1 any requirement to assign that student’s intellectual property or give consent in relation to any moral right he or she may have in the relevant work; and

7.2.2.2.2 especially where a student is required to assign his or her intellectual property or give consent in relation to any moral right he or she may have in a work, a recommendation that the student should seek advice (which may include legal advice).

Note: Legal advice may be arranged through, as the case may be, the Students’ Representative Council or the Sydney University Postgraduate Representative Association.

7.3 If a student is required to do anything under Rule 7.2, then that student should be given a reasonable period (“response deadline”) to review all documentation and seek appropriate advice (including legal advice), which in most cases should not be less than 14 days. However, the response deadline may be reduced by the University, depending on what is reasonable under the circumstances including taking into account any obligations to third parties that the University may have in respect of that activity.

7.4 If a student does not agree to do anything required under Rule 7.2, or else does not respond to a request to do so, on or before the response deadline, then the University may decline to permit the student to participate in that activity.

8. Sharing commercial benefits

8.1 Students who assign their intellectual property rights and, if required to do so, give consent in respect of any moral right under Rule 7.2, are, subject to any agreement, entitled to a share of any commercial benefits that the University receives from developing that intellectual property according to Rule 14.

8.2 If a student assigns his or her intellectual property under Rule 7.2, the University will pay any stamp duty assessable on any instrument that the University deems necessary to give effect to that assignment.

Division 4 – Ownership of intellectual property created by visitors

9. Requirement of confidentiality and assignment

9.1 As a condition of any visitor:

9.1.1 having access to and use of any University facilities, equipment or accommodation;

9.1.2 having access to and use of any intellectual property of the University; or

9.1.3 participating in any teaching or research activities of the University (including any third party activity), (“visitor privileges”)

9.2 the University may require that visitor to do one or more of the following things:

9.2.1 sign a confidentiality agreement on terms acceptable to the University;

9.2.2 disclose to the Business Liaison Office, within 14 days of its creation, full details of any intellectual property created by that visitor and arising from the visitor being granted those visitor privileges;

9.2.3 do all things and sign all instruments necessary to assign to the University, or another person designated by the University, any intellectual property created by that visitor arising from that visitor being granted any visitor privileges; and

9.2.4 give consent in relation to any moral right he or she may have in the relevant work.

10. Assumption

10.1 Unless and until the University gives a visitor notice under Rule 9:

10.1.1 a visitor is entitled to assume that the Visitor;

10.1.1.1 makes no claim in respect of any intellectual property; and

10.1.1.2 does not require the consent of the visitor in relation to any moral right he or she may have in any work that the visitor creates in respect of any research conducted by the visitor using any University facilities or intellectual property of the University; but

10.1.2 must still observe the visitor’s obligations under Rule 9.2.2.

Division 5 – Reporting and developing intellectual property

11. Staff responsibilities

The Code of Conduct for Responsible Research, as amended from time to time, makes it clear that staff have responsibilities in relation to intellectual property protection including, where appropriate, the maintenance of research laboratory records and the prevention of
premature public disclosure of research results prior to obtaining intellectual property protection.

12. Reporting by staff members

12.1 Staff members who believe they have created any intellectual property for which the University asserts ownership pursuant to Rule 3 must, as soon as possible after its creation:

12.1.1 report that fact to their Head of Department and to the Business Liaison Office; and

12.1.2 provide full details of the intellectual property created and the names of the originators in a form prescribed by the Business Liaison Office from time to time.

12.2 Staff members who create exempt intellectual property within the meaning of Rule 4.1 must provide a copy of the thing to which that intellectual property relates to their Head of Department within 90 days of its creation or modification.

12.3 In the event that the Head of Department considers that the intellectual property reported in accordance with Rule 12.2 is intellectual property over which the University asserts ownership and is subject to Rules 3 and 12.1 then that Head of Department shall:

12.3.1 notify both the staff member and the Business Liaison Office within seven days;

12.3.2 together with the staff member take such actions as required to provide the value of the intellectual property; and

12.3.3 provide sufficient disclosure to the Business Liaison Office to enable assessment of the value of the intellectual property.

12.4 If notice is given under Rule 12.1, the University has eight weeks from the time the Business Liaison Office receives full details of intellectual property reported under Rule 12.1.2 ("notice period") in which to decide whether it wishes to protect or develop that intellectual property ("reported intellectual property"). The notice period may be extended beyond 8 weeks with the consent of the staff member who gave notice under Rule 12.1.

12.5 Until the University makes a decision under Rule 12.4, the staff member who gives notice under Rule 12.1 must take all reasonable steps to protect the reported intellectual property. The University encourages staff members to seek advice from the Business Liaison Office on how best to do so.

13. Dealing with reported intellectual property

13.1 If the University:

13.1.1 makes no decision by the end of a notice period (or any extension of it); or

13.1.2 decides it does not wish to protect or develop the reported intellectual property,

then the originator is free, at his or her own cost, to protect or develop the reported intellectual property in any manner he or she chooses.

13.2 Nothing in Rule 13.1 prejudices any right of the University to:

13.2.1 claim a share in any commercial benefit received; or

13.2.2 recover any establishment costs or continuing costs already incurred by the University because of the subsequent development of reported intellectual property, unless that right is expressly waived by the Vice-Chancellor in writing.

13.3 If the University decides that it wishes to protect or develop reported intellectual property, then the Business Liaison Office must notify:

13.3.1 the staff member concerned; and

13.3.2 that staff member's Head of Department.

13.4 If the University decides to protect or develop reported intellectual property in collaboration with a third party, then the originator should be given the opportunity to participate in any negotiations concerning ownership, protection or development of that reported intellectual property, but:

13.4.1 negotiations will be undertaken on a case-by-case basis, according to the relevant circumstances; and

13.4.2 the University shall make all decisions arising from those negotiations which shall be binding on the originator.

14. Distribution of commercial benefits

14.1 All commercial benefits received by the University shall be distributed as follows, after the University first deducts any costs:

14.1.1 one-third to the originator;

14.1.2 one-third to the originator's Department; and

14.1.3 one-third to the Vice-Chancellor's Innovative Development Fund.

14.2 If it is not practicable to distribute commercial benefits of a non-monetary kind in accordance with Rule 14.1.2, then the University, after first consulting with the originator, may determine a mechanism for distributing commercial benefits by some other means, which may include, without limitation, the University holding commercial benefits in trust for the originator.

15. Where more than one originator

If there is more than one originator of any reported intellectual property, then any commercial benefits must be distributed according to the individual contribution of each originator to the reported intellectual property, unless those originators agree otherwise, and subject to Rule 14.2.

16. Protecting and developing intellectual property created by students

If students create any intellectual property that they wish the University to protect or develop, then the procedures specified in Rules 10.12, 13 [except Rule 13.2], 14 and 15 apply, except that, for the purposes of Rule 12.1.1, they must notify their supervisor and the Business Liaison Office.

17. Application of Rules 14 and 15

The application of Rules 14 and 15 may not be varied in individual circumstances except with the prior written approval of the Vice-Chancellor, or the Vice-Chancellor's nominee.

Division 6 – Dispute resolution

18. Inapplicability of Rule

18.1 Rule 19 does not apply to disputes:

18.1.1 normally dealt with pursuant to the University's Code of Conduct for Responsible Research, as amended from time to time; or

18.1.2 involving third party agreements, unless all parties to those third party agreements first agree to be bound by the procedure set out in it.

19. Procedure

19.1 If an originator has any concerns about the manner in which this Rule is interpreted or applied ("dispute"), then that person may notify:

19.1.1 any other originators; and

19.1.2 the Director of the Business Liaison Office, about that dispute. Any notice given under this Rule 19 must be in writing and must specify full details of the dispute.

19.2 The Director of the Business Liaison Office must, within 14 days of receiving a notice under Rule 19.1 convene a meeting between all persons notified of a dispute in order to try and resolve that dispute.

19.3 If:

19.3.1 a meeting is not convened under Rule 19.2 within the deadline specified; or

19.3.2 a meeting is convened under Rule 19.2, but the dispute is not resolved within 14 days of convening it, then the party who gave notice under Rule 19.1 or the Director of the Business Liaison Office must notify the Pro-Vice-Chancellor (Research) to that effect, giving full details of the dispute (including any attempts to resolve it).

19.4 If the Pro-Vice-Chancellor (Research) cannot resolve a dispute referred to him or her under Rule 19.3 within 14 days of that dispute being so referred, then the Pro-Vice-Chancellor must refer that dispute to the Vice-Chancellor, giving full details of the dispute and any attempts to resolve it.

19.5 The Vice-Chancellor must consider any dispute referred to him or her under Rule 19.4 and determine that dispute within 31 days of it being so referred. The Vice-Chancellor's determination is final and binding on all parties to the dispute.

Division 7 – Miscellaneous

20. Review Committee

20.1 There shall be an Intellectual Property committee of the University comprising:

20.1.1 the Vice-Chancellor or his or her nominee (who shall act as Chair);

20.1.2 the Deputy Vice-Chancellor (Research);

20.1.3 the Chair of the Research and Research Training Committee of the Academic Board;

20.1.6 one postgraduate student nominated by the President of the Sydney University Postgraduate Representative Association.
20.2 The role of the Committee is to monitor the operation of this Rule and, where the Committee considers it necessary, to recommend changes for approval by the Senate.
20.3 The Committee should meet at least once annually, but may meet more frequently if required by the Pro-Vice-Chancellor (Research) to do so.
20.4 At each meeting of the Committee, the Pro-Vice-Chancellor (Research) shall give a report to the Committee about the operation of this Rule during the preceding year.

21. **Savings and transitional**
21.1 This Rule applies to any intellectual property created after the date on which this Rule takes effect.
21.2 If, before the commencement of this Rule a dispute has been notified under Rule 19 but has not been resolved when this Rule commences, that dispute shall continue to be dealt with in the manner prescribed by Part 8 of the University of Sydney (Amendment Act) Rule 1999 before its amendment.

Appointment

Resolutions of the Senate

Appointment of a Dean, Director or College Principal

For the definitions of terms refer to the Delegations of Authority. As appropriate for local nomenclature and reporting lines, when this refers to department read also school or unit; to faculty read also college; to dean read also director or college principal.

Policy statement

1.1 A dean is appointed by Senate to lead and manage the academic, administrative, staffing and financial affairs of the faculty.

1.2 There is provision for a simultaneous appointment of a dean and a professor.

1.3 All deanships will be advertised both internally and externally, except where Senate agrees otherwise on the recommendation of the Vice-Chancellor.

Governing principles

2.1 The dean of a faculty has a dual role first in regard to academic leadership and decision-making, and second in regard to the management of the financial and other resources allocated to the faculty. The process of selecting the dean will reflect this dual role, and the dean will be accountable for performance in both areas.

2.2 Not all academic units (departments, schools, centres and so forth) assigned to a faculty for the purposes of academic cohesion and coordination will fall within a dean’s responsibilities for managing financial and other resources. Deans will be given clear directions by their supervisor on the scope of their academic and resource management role.

Procedures

3. Refer to the Policy Document on the appointment of a dean, director or college principal as approved by Senate, 5 May 1997; Attachment 1: Position Description for a Dean; and Attachment 2: Related Issues, available at http://www.usyd.edu.au/policy/

Pro-Deans

4.1 The dean may nominate from the full-time members of the academic staff who are members of the faculty, and the faculty may appoint the person so nominated, a pro-dean to hold office for such period within the term of office of the dean as the faculty may determine; and

4.2 subject to section 1 the pro-dean shall have such duties and powers as may from time to time be assigned to him or her by the dean.

Associate Deans

5.1 A faculty may elect from the full-time members of the academic staff who are members of the faculty one or more persons as associate dean or associate deans to assist the dean in the exercise of his or her duties or powers.

5.2 An associate dean holds office for such period within the term of the dean as the faculty may determine.

5.3 An associate dean has such duties and powers as may from time to time be assigned to him or her by the dean.

5.4 Where a faculty so recommends, the Senate may appoint a person as an associate dean of that faculty and that person shall hold office for such period as the Senate may determine.

5.5 On the termination of office of an appointed associate dean a further recommendation of the faculty concerned shall be made before any other person is appointed to that office.

5.6 The selection committee for an appointed associate dean shall be either:

- Deputy Chancellor
- Chair of the Academic Board
- Vice-Chancellor and Principal

Appointed by Senate:
Two nominees of Senate (to be current Fellows) nominated to Senate by the Chancellor following consultation after receipt of expressions of interest from Fellows
One additional member of the Academic Board, on the nomination of the Chair of the Board
One member, external to the University, on the nomination of the Vice-Chancellor

Selection Committee for Pro-Vice-Chancellor

Ex Officio:
- Vice-Chancellor and Principal
- Chair of the Academic Board or nominee
- Deputy Vice-Chancellor to whom the Pro-Vice-Chancellor reports

Appointed by Senate:
Two nominees of Senate (to be current Fellows) nominated to Senate by the Chancellor following consultation after receipt of expressions of interest from Fellows
Two members (plus one reserve) nominated by the Academic Board
One member, external to the University, on the nomination of the Vice-Chancellor

Procedures for consultation between the Senate and the Academic Board in respect of appointment of Vice-Chancellor and for selection of a Vice-Chancellor – Selection Committee

1. Senate will appoint a Joint Committee of Senate to be chosen in accordance with principles of good governance consisting of:

1.1 members *ex officio* (namely, the Chancellor, the Deputy Chancellor, and the Chair of the Academic Board),

1.2 members of Senate appointed by the Senate, and

1.3 members equal in number to those appointed under 1.2, to be appointed by the Senate on the nomination of the Academic Board through its chair,

1.4 to identify and review applicants for appointment as the next Vice-Chancellor and to make recommendations to Senate for its determination in respect of such appointment reporting to Senate on a regular basis. Such will include the appointment by the committee of a suitable search firm of the highest integrity and competence in order to maximise the University’s capacity to approach possible outstanding applicants on a strictly confidential basis in the first instance in order to ascertain their interest who may not otherwise respond and to have the benefit of objective external input and additional due diligence.

2. In order to represent the width of interest on the Board, it would be desirable to have four members appointed under (1.3). The Joint Committee will be a committee of the Senate which will report to that body.

3. The members of the Board to be nominated to Senate for appointment to the Joint Committee will be nominated to the Board by the Chair of the Academic Board.

4. The Senate is to approve the final composition of the committee, maintaining the equality of number referred to in (1.3) above and be in a position, should circumstances warrant this, to replace a member of the Committee or require in the case of those nominated by the Academic Board that the Chair of the Academic Board nominate a replacement for appointment by Senate.

5. A majority of the members of the Committee must be external, but so that a student Fellow may constitute an external member.

Degree of Doctor of Philosophy

Form of the thesis

Four copies of the thesis shall be submitted for examination for the degree of Doctor of Philosophy and shall normally be submitted in one of the forms set out below in sections 1 and 2.

1. The four copies may be bound in either a permanent or temporary form as set out in sections 1.1 and 1.2.
   1.1 A thesis submitted in permanent binding shall be on international standard A4 size paper sewn and bound in boards covered with bookcloth or buckram or other binding fabric. The title of the thesis, the candidate’s initials and surname, the title of the degree, the year of submission and the name of the University of Sydney should appear in lettering on the front cover or on the title page. The lettering on the spine, reading from top to bottom, should conform as far as possible to the above except that the name of the University of Sydney may be omitted and the thesis title abbreviated. Supporting material should be bound in the back of the thesis as an appendix or in a separate set of covers.
   1.2 A thesis submitted in a temporary binding should be strong enough to withstand ordinary handling and postage. The preferred form of temporary binding is the ‘perfect binding’ system – ring-back or spiral binding is not acceptable. A thesis submitted in temporary form shall have fixed to the cover a label clearly identifying the name of the candidate, the title of the thesis and the year of submission.

   The Xerox Demand Binding system is acceptable both for temporary and permanent purposes.

2. A thesis may also be submitted in electronic form in accordance with the provisions of section 3.

2.1 When a thesis is submitted in electronic form, four copies must be submitted as set out in section 2.2.

2.2 A thesis submitted in electronic form must normally be submitted on disk and must be in a format which the faculty determines as acceptable to both the candidate and the examiner(s), with the same structure as the ultimate printed version referred to in sections 1.1 and 4, and each chapter must be in a separate document.

   The title of the thesis, the candidate’s initials and surname, the title of the degree, the year of submission and the name of the University of Sydney should appear on the title page and on a label affixed to the disk.

   A hard copy of the thesis should normally be submitted for retention by the faculty office, and further copies for any examiner(s) unwilling or unable to examine the thesis electronically. Individual faculties may determine, however, that the copy for retention in the faculty office may also be submitted in electronic form.

3. Procedures for electronic submission of theses

   Provision for electronic submission of theses for the purpose of examination may occur where both the candidate wishes to submit in this form and examiners are prepared to examine in this way.

Candidates wishing to submit electronically are required to advise of their intent to submit so that arrangements may be made with prospective examiners.

The usual examination process will be followed when a thesis is submitted electronically, except as set out below.

3.1 A student who wishes to submit electronically must so advise the supervisor and the department at least three months prior to submission.

   This advice should be by the completion of a (centrally-designed) form, on which the student must indicate the likely length of the thesis and any special features relating to its format.

3.2 Examiners must be selected in the normal way and no regard paid to whether or not they would wish to examine electronically.

3.3 When confirming the appointment of examiners, the faculty office should confirm their willingness or otherwise to examine an electronic version of the thesis.

3.4 Prospective examiners must be advised of the format in which the thesis is available and they must be asked whether they prefer to accept it in that format (on disk, but possibly as an email attachment) or in the traditional hard copy form.

3.5 Under certain circumstances particular specialised electronic applications may form part of the thesis. In such circumstances, it should be ascertained that the examiner has the capability to accept this format, and this must be done three months prior to submission.

3.6 If an examiner advises that he or she does not wish to examine electronically, then the examiner will be sent a hard copy of the thesis.

4. The degree shall not be awarded until the candidate has submitted a permanently bound copy of the thesis (containing any corrections or amendments that may be required) and printed on acid-free or permanent paper, for lodgement in the University Library.

The examination process

1. Appointment of examiners

Faculty or college board to seek recommendation for examiners

1.1 After the prescribed number of copies of the thesis have been lodged and the supervisor’s certificate has been received, the faculty or college board, having considered the certificate, shall seek a recommendation for the appointment of examiners from the head of department concerned, unless the faculty or college board considers that examiners should not be appointed.

Examiners not appointed

1.2 If a faculty or college board, after consideration of the supervisor’s certificate, has resolved not to proceed to the appointment of examiners, it shall report the circumstances and the reasons for the decision to the PhD Award Sub-Committee which may note the decision or require the faculty or college board to appoint examiners.

Delays in appointment to be avoided

1.3.1 The head of department and the faculty or college board shall take all possible steps to ensure that examiners are appointed within four weeks of the submission of the thesis and, where this does not occur, shall report the circumstances to the PhD Award Subcommittee.

1.3.2 The head of department should normally have taken the steps outlined below in sections 1.4 to 1.11, noting the provisions of section 1.13, before the thesis is submitted.

Head to consult and recommend

1.4 The head of department shall, if reasonably possible, before making his or her recommendation for the appointment of examiners, consult the supervisor and, if it is considered by the supervisor to be necessary, any appointed associate supervisor.
1.5 The head of department shall recommend the appointment of three examiners of the thesis of whom at least two shall be external to the University, i.e. not being a member of the staff of the University or holding a clinical academic title. The supervisor shall not be an examiner.

1.6 The head of department may also recommend the appointment of one or more qualified additional persons who may be called on to act in place of one or more of the three first appointed examiners.

Qualifications of examiners

1.7.1 Examiners recommended should be known to be familiar with the supervision and examination of research theses and should normally still be active in research and/or scholarship.

1.7.2 An examiner appointed to act as an assessor under section 4.3.5 should possess very high standing in the subject in question.

Examiners free from bias

1.8 A head of department, in making a recommendation, shall take all reasonable steps to ensure that the examiners proposed are free from bias either for or against the candidate or the supervisor.

Involvement of candidate

1.9 The head of department or the supervisor or the candidate may initiate a general discussion with the candidate by the supervisor or the head of department of a wide range of possible examiners, including the possibility of the student submitting to an oral examination of the thesis.

1.10 The head of department or the supervisor or the candidate may initiate a general discussion with the candidate by the supervisor or the head of department of a wide range of possible examiners, including the possibility of the student submitting to an oral examination of the thesis.

Faculty to appoint examiners

1.11.1 The head of department shall make a recommendation to the faculty for the appointment of examiners. In making this recommendation, the head of department should indicate: whether or not he or she has ascertained the prospective examiners' willingness to examine electronically; or conduct an oral examination whether or not they wish to examine in this way, and, if so, the format(s) in which they are able to receive the thesis. Examiners must be selected in the normal way and no regard paid to whether or not they would wish to examine electronically or participate in an oral examination of the thesis.

1.11.2 The faculty or college board, on receipt of a recommendation for the appointment of examiners from a head of department, and having considered through its dean or chair of the board of postgraduate studies any advice from the candidate, may appoint the examiners as recommended or appoint different examiners after consultation with the head of department.

Report to PhD Award Subcommittee

1.12 The faculty or college board shall, using the prescribed form, report the names and qualifications of the examiners appointed to the PhD Award Subcommittee which may itself appoint, or may request the faculty or college board to recommend for appointment, one or more additional examiners. When an unusual choice of internal examiner is made, a short justification of why that examiner was chosen should be provided by the faculty concerned. The faculty or college board shall indicate on the form which, if any, of the examiners will be examining the thesis electronically or if the student will be submitting to an oral examination of the thesis.

Names not to be disclosed

1.13 Except as may be necessary when an oral examination is required, the names of the examiners appointed shall not be disclosed to the candidate until a determination has been made about the award of the degree.

Invitation to examine

1.14 After the appointment of examiners by the faculty or college board, the Registrar shall write to each external examiner inviting him or her to act, specifying the conditions applicable to the examination process and enclosing the resolutions for the degree, an information statement. An examiner's report form will be enclosed with the letter and, if possible, will also be sent to the examiner in electronic form via electronic mail if the examiner is able to receive it in one of the formats available. If the examiner has indicated a willingness to participate in an oral examination of the thesis the date and arrangements for the oral examination will also be notified.

1.15 On receipt of an acceptance of the invitation to act, or on advice from the head of department concerned that the examiner is willing to act under those conditions, the Registrar shall dispatch a copy of the thesis in either hard copy or electronic form if the examiner has indicated willingness to examine in electronic form.

1.16 The Registrar shall similarly write to any internal examiner advising him or her of the appointment and the conditions which apply and enclosing the resolutions for the degree and the examiner's report form together with a copy of the thesis either in hard copy or electronic form.

Delay between appointment of examiners and receipt of thesis

1.17 In the event of a candidate's thesis not being received within three months of the acceptance by the examiners of their appointment, the faculty shall write to all examiners concerned, both internal or external, to ascertain their willingness to continue to act as examiners of the thesis in question.

Delegations of authority

1.18 A head of department may delegate to a specified member of the academic staff his or her responsibility under this section by countysigning a specific recommendation in respect of a particular candidature or by making, and forwarding to the Registrar, a written statement of delegation of those powers.

2. Consideration by examiners

Examiners to report within two months

2.1 An examiner is required to complete the examination of the thesis and submit a report on the prescribed form within two months of receipt of the thesis. The examiner may return the report by electronic mail, but if using this medium must also send a signed, hard copy of the report by mail or facsimile.

Examiners to submit independent reports

2.2 The examiner shall not be advised of the names of the other examiners who have agreed to act. The University requires that there be no consultation among co-examiners during the examination process and that examiners submit an independent report.

Content of report

2.3 The report shall include the recommendation that:

2.3.1 the candidate be awarded the degree without further examination; or

2.3.2 the candidate be awarded the degree subject to correcting typographical errors before the degree is conferred (typographical errors include spelling, grammar, punctuation, capitalisation and reference dates); or

2.3.3 the candidate be awarded the degree subject to conditions listed in the examiner's report being addressed to the satisfaction of the University (which may include a recommendation that if reasonably possible the candidate should be required to take an additional oral or other examination); or

2.3.4 the candidate be not awarded the degree, but be permitted to resubmit the thesis in a revised form for re-examination following a further period of study, the examiner having formed the opinion that the errors or deficiencies substantially affect the argument or the thesis; or

2.3.5 the candidate be not awarded the degree.

2.3.6 In the case of a thesis which is also to be examined by an oral examination, the report of the examiners shall be an interim report, to be completed following the conclusion of the oral examination.

2.4 The report shall also record whether in the opinion of the examiner:

2.4.1 the thesis is a substantially original contribution to the knowledge of the subject concerned;

2.4.2 the thesis affords evidence of originality by the discovery of new facts;

2.4.3 the thesis affords evidence of originality by the exercising of independent critical ability;

2.4.4 the thesis is satisfactory as regards literary presentation; and

2.4.5 a substantial amount of material in the thesis is suitable for publication.

2.5 The examiner shall state the grounds on which his or her recommendation is based, indicating the strengths and
weaknesses of the thesis and the particular contributions made by the candidate and may list emendations that it is considered should be made. The head shall indicate the extent of any consultation with other examiners or associate or co-examiners.

**Release of examiners’ names**

2.6 As part of the report form, the examiner shall be asked to indicate whether he or she is willing to have his or her name and/or his or her report in full or in part released to the candidate, either at the conclusion of the examination, or in the circumstances outlined in sections 4.17 to 4.20.

**Receipt of reports to be monitored**

2.7 The Registrar shall acknowledge receipt of reports as received and arrange for payment of the examiner’s fee to external examiners.

2.8 The Registrar shall contact any examiner who has not submitted his or her report within six weeks of despatch of the thesis, reminding the examiner of the due date for the report, and the Registrar shall contact any examiner who has not submitted his or her report within ten weeks of despatch of the thesis, requesting advice as to when it will be submitted and reminding the examiner of the conditions of the examination.

**Replacement examiner if report not received**

2.9 The Registrar shall contact any examiner who has not submitted the report by the end of the fourteenth week after despatch of the thesis, advising that it will be necessary to proceed to the appointment of a replacement examiner if the report is not received within a further two weeks and shall proceed to do so if the report is not received within that time.

2.10 Notwithstanding the fact that replacement examiners may previously have been appointed, the Registrar shall seek advice from the head of department as to who should act as a replacement examiner in the event of an examiner being replaced under the circumstances referred to in section 2.9 and, if necessary, the faculty or college board shall appoint a further qualified examiner on the recommendation of the head of department who shall, if necessary, have carried out the same consultative procedures as applied to the initial appointment of examiners.

2.11 Should the process of appointing a replacement examiner under the circumstances referred to in section 2.9 have proceeded to the point where a copy of the thesis has been dispatched to the replacement examiner, any report subsequently received from the examiner who has been replaced shall not be considered in determining the result of the candidature.

2.12 Notwithstanding the provisions of sections 2.9 to 2.11, the PhD Award Subcommittee or its Chair may, in such circumstances as it shall determine are exceptional, and on the recommendation of the head of department or college board concerned, allow some specific variation to those requirements.

2.13 In the case of a thesis also being examined by an oral examination, the procedures for the conduct of the oral examination and the consideration of the examiners' reports shall be those adopted by the Academic Board.

3. **Consideration of examiners’ reports**

   **By the faculty**

3.1 When all three examiners' reports have been received,

3.1.1 if all examiners have recommended either that the degree be awarded without qualification or the degree be awarded subject to correction of typographical errors, the faculty may award the degree either without further examination or subject to the correction of typographical errors (as specified by the examiners) being made in all copies of the thesis to be retained in the University before the degree is conferred and shall forward the reports to the head of department and supervisor for information; or

3.1.2 if any other recommendations have been made, the faculty shall forward the reports to the head of department for a recommendation and to the supervisor.

3.1.3 In the case of a thesis also being examined by an oral examination, the procedures for the consideration of the examiners’ reports shall be those adopted by the Academic Board.

3.2 Neither head of department nor supervisor shall have a right of access to the examiners' reports before they have all been received, except where the dean of the faculty or chair of the college board considers that special circumstances exist.

**Head of department to consult**

3.3 The head of department, if there is disagreement among the examiners, or, if asked to comment on the report of an oral examination, shall, before making a recommendation, if reasonably possible, consult the candidate’s supervisor and shall consult the candidate’s annual progress reports.

3.4 The head of department shall indicate when making his or her recommendation the nature and extent of consultation that has been carried out and shall forward a copy of any written report he or she has received from the supervisor.

**Head of department’s recommendation**

3.5 The head of department, having considered the reports of the examiners and carried out any required consultation, may make one of the following recommendations to the Award Subcommittee:

3.5.1 that the degree be awarded without further conditions; or

3.5.2 that the degree be awarded subject to the correction of typographical errors being made in all the copies of the thesis to be retained in the University before the degree is conferred; or

3.5.3 that the degree be awarded subject to emendations being made in all copies of the thesis to be retained in the University; or

3.5.4 except in the case of the report of an oral examination, that the candidate be required to take an additional oral or other examination or answer specific questions put by an examiner; or

3.5.5 except in the case of the report of an oral examination, that an additional examiner be appointed; or

3.5.6 except in the case of the report of an oral examination, that an additional examiner be appointed to examine the thesis and act as an assessor of the reports of the other examiners, and the comments of the supervisor, whether or not already an examiner, subject to endorsement by the PhD Award Subcommittee which will consider the reports of the examiners and the justification forwarded by the Board of Postgraduate Studies. In cases where the faculty had previously formed the intention to resolve that the degree be not awarded, or the candidate be required to revise and resubmit the thesis within a prescribed maximum period of time; or

3.5.7 except in the case of the report of an oral examination, that the reports of the examiners, together with comments from the supervisor, whether or not already an examiner, shall be referred to all the examiners for their comment; or

3.5.8 that the candidate not be awarded the degree, but be allowed to revise and resubmit the thesis within a prescribed maximum period of time; or

3.5.9 that the degree be not awarded.

**Head of department to specify emendations**

3.6 A head of department, if recommending under section 3.5.2 or 3.5.3 that the degree be awarded subject to typographical corrections or emendations, shall specify the typographical corrections or emendations to be made, if not already specified in the report of an oral examination, noting that the PhD Award Subcommittee normally expects any typographical corrections or emendations or errors identified by examiners to be corrected after consideration of the examiners' reports and head of department's recommendation.

**Release of examiners’ reports**

3.7 The head of department shall, with his or her recommendation, after noting the wishes of the examiners, indicate what portions of the examiners' reports may be released to the candidate, but the reports shall remain confidential until after consideration by the PhD Award Subcommittee, faculty or college board.

**Delegation of authority**

3.8 A head of department may delegate to a specified member of the academic staff his or her responsibilities under this section by countersigning a specific recommendation in respect of a particular candidate or by making, and forwarding to the Registrar, a written statement of delegation of those powers.
4. Examiners' reports and head of department's recommendation

**Referral of head of department's recommendation and faculty or college board action**

4.1.1 The head of department shall forward his or her recommendation to the dean of the faculty or chair of the college board.

4.1.2 If the head of department has recommended that the degree be awarded, under section 3.5.3 subject to emendations as specified by one or more of the examiners, and one or more of the examiners have recommended that the degree be awarded subject to emendations and the remaining examiners have recommended award without further examination, or subject to the correction of typographical error, the faculty may award the degree subject to all the corrections and/or emendations required by the examiners being carried out in all the copies of the thesis to be retained in the University before the degree is conferred.

4.1.3 If the head of department has recommended, under section 3.5.3, that the degree be awarded but that not all the emendations required by all the examiners should be carried out, the faculty may not award the degree, and the reports of the examiners, together with the recommendation of the head of department and of the faculty or college board, shall be forwarded to the PhD Award Subcommittee. The recommendation of the Faculty shall specify the nature of such corrections, emendations or other conditions as may be intended.

4.1.4 Except as provided under section 3.1.1 or 4.1.2, the dean of the faculty or chair of the college board shall refer the recommendation of the head of department to the faculty or college board, which shall forward a recommendation to the PhD Award Subcommittee together with the recommendation of the head of department and copies of the reports of the examiners. The recommendation of the Faculty shall specify the nature of such corrections, emendations or other conditions as may be intended.

**PhD Award Subcommittee action**

4.2 The PhD Award Subcommittee, after consideration of the examiners' reports and the recommendation of the head of department and where these have been made any recommendation from the faculty or college board:

4.2.1 may award the degree without further examination; or

4.2.2 may award the degree subject to the correction of typographical errors being made in all the copies of the thesis to be retained in the University before the degree is conferred; or

4.2.3 may award the degree subject to emendations specified by the head of department or the Subcommittee being made in all copies of the thesis to remain available in the University; or

4.2.4 may refer the candidature to the faculty or college board concerned; and shall refer the candidature to the faculty or college board concerned if a member of the Subcommittee so requires and the examiners' reports and the recommendation of the head of department have not already been considered by the faculty or college board.

**Faculty or college board action**

4.3 The faculty or college board, after considering the recommendation of the head of department and the reports of the examiners that have been referred directly to it or by the PhD Award Subcommittee, may resolve:

4.3.1 to recommend to the PhD Award Subcommittee that the degree be awarded without further examination; or

4.3.2 to recommend to the PhD Award Subcommittee that the degree be awarded subject to the correction of typographical errors being made in all the copies of the thesis to be retained in the University before the degree is conferred; or

4.3.3 to recommend to the PhD Award Subcommittee that the degree be awarded subject to emendations specified by the head of department or the faculty or college board being made in all copies of the thesis to remain available in the University; or

4.3.4 except in the case of the report of an oral examination, that the candidate be required to take an additional oral or other examination or answer specific questions put by an examiner, this not being a substitute for requiring the candidate to make emendations to the thesis or to revise and resubmit the thesis; or

4.3.5 except in the case of the report of an oral examination, that an additional examiner be appointed; or

4.3.6 except in the case of the report of an oral examination, that an additional examiner be appointed to examine the thesis and act as an assessor of the reports of the other examiners, and the comments of the supervisor, whether or not already an examiner, subject to endorsement by the PhD Award Subcommittee which will consider the reports of the examiners and the justification forwarded by the Board of Postgraduate Studies. In cases where the faculty had previously formed the intention to recommend that the degree be not awarded, or the candidate be allowed to revise and resubmit, and the candidate's comments have been received, the faculty's Postgraduate Committee should determine whether the candidate's comments should be forwarded to the assessor.

4.3.7 except in the case of the report of an oral examination, that the reports of the examiners, together with comments from the supervisor, whether or not already an examiner, shall be referred to all the examiners for their comment; or

4.3.8 that the candidate be not awarded the degree, but be allowed to revise and resubmit the thesis within a prescribed maximum period of time; or

4.3.9 that the degree be not awarded.

**Award without further conditions**

4.4 Where the faculty or college board or PhD Award Subcommittee has approved the award of the degree without further conditions, the Registrar shall advise the candidate that the degree has been awarded subject to the lodgement of a permanently bound copy of the thesis printed on archival or permanent paper, shall lodge this copy with the University Librarian, and shall advise the examiners, head of department and supervisor.

**Award subject to correction of typographical errors**

4.5 Where the faculty or college board or PhD Award Subcommittee has determined the award of the degree subject to the correction of typographical errors, the Registrar shall advise the candidate that the degree has been awarded subject to the lodgement of a permanently bound copy of the thesis printed on archival or permanent paper in which the typographical corrections have been made to the satisfaction of the head of department, shall lodge this copy with the University Librarian, and shall advise the examiners, head of department and supervisor.

**Award subject to emendations**

4.6 When the award of the degree has been approved by a faculty or college board or by the PhD Award Subcommittee, subject to specified emendations being made in all copies of the thesis to remain available in the University, the Registrar shall advise the candidate of the decision and of the nature of the emendations required and the latest date by which the emendations shall be made, being, unless otherwise determined by the faculty or college board, within a further three months, and shall provide such detail in relation to the examiners' reports as the head of department recommends.

**Additional oral or other examination**

4.7.1 Where a faculty or college board has resolved under section 4.3.4 that the candidate be required to take an additional oral or other examination, or answer specific questions put by an examiner, unless the faculty or college board has determined otherwise, the faculty or college board shall be responsible for the oversight of these further examining processes.

4.7.2 At the completion of an additional oral or other examination, or once a specific question(s) put by an examiner have been answered, the faculty or college board shall obtain a further recommendation from the head of department and shall then resolve in accordance with section 4.3.1—4.3.3, 4.3.8 or 4.3.9.

**Conduct of oral examination**

4.8 Those present at an oral examination may include one or more of the examiners and persons, other than the examiners, nominated by the faculty or college board; shall include the supervisor if he or she wishes; and may include, with the approval of the dean of the faculty or chair of the college board, a member of the University nominated by the candidate.
4.9 A candidate shall be given reasonable notice of any oral examination and of the nature of the examination and the names of those who will be present, and may advise the dean of the faculty or chair of the college board of reservations he or she may have about the presence of any particular person, giving reasons in writing.

Additional examiner

4.10 Where a faculty or college board resolves under section 4.3.5 that an additional examiner be appointed, the provisions of sections 1.2 and 3 shall apply as appropriate and the Registrar shall write to the examiner as provided in section 1.14 or 1.15 and shall advise the previously appointed examiners of the name of the additional examiner.

4.11 A faculty or college board, having received a further recommendation from the head of department together with an additional examiner's report, may then resolve as provided in section 4.3.1–4.3.3, 4.3.8 or 4.3.9.

Additional examiner as assessor

4.12 Except in special circumstances, an additional examiner acting as assessor will be an external appointment.

In cases where the faculty had previously formed the intention to resolve that the degree be not awarded, or the candidate be allowed to revise and resubmit, and the candidate's comments have been received, the faculty's Postgraduate Committee shall determine whether the candidate's comments should be forwarded to the assessor. The Registrar shall also advise the previously appointed examiners of the name of the additional examiner who is also to act as assessor.

4.14 A faculty or college board, having received a further recommendation from the head of department (with any written report provided by the supervisor) together with an additional examiner-as-assessor's report, may then resolve as provided in section 4.3.1–4.3.3, 4.3.8 or 4.3.9, except that, where the faculty or college board does not substantially resolve in the terms recommended by the assessor, it shall include a report of the reasons for its decision with any recommendation to the PhD Award Subcommittee.

Referral of reports to examiners

4.15 Where a faculty or college board resolves under section 4.3.7 that the reports of the examiners, together with comments from the supervisor, shall be referred to all the examiners for their comment, the Registrar shall seek comments from the supervisor and then send copies of the examiners' reports and the supervisor's comments to each of the examiners, advising them that it is in order for them to confer and seeking a further report from each examiner within a period of four weeks.

4.16 The Registrar shall forward the responses received, following the circulation of reports, to the head of department for such consultation as is required under section 3 and to make a recommendation, and the faculty or college board on receipt of that recommendation may then resolve as provided in section 4.3.

Candidate to be consulted before degree not awarded

4.17 Where a faculty or college board forms the intention, either to resolve under section 4.3.8 that the degree not be awarded but that the candidate be allowed to revise and resubmit the thesis within a prescribed maximum period of time, or to resolve under section 4.3.9 that the degree not be awarded, that resolution shall be deferred to allow a process of consultation with the candidate.

4.18 The Registrar shall advise the candidate in writing of the faculty or college board's intention; shall provide copies of such of the examiners' reports as the examiners have indicated may be released and shall advise the candidate that he or she may within a period of four weeks give notice of intention to provide comment on the foreshadowed recommendation of the faculty or college board, such comments to be submitted in writing by no later than a total of eight weeks from the date of the Registrar's advice.

4.19 The faculty or college board shall further consider the examiners' reports and the head of department's recommendation, together with any comments provided by the candidate and any further comments provided by the head of department or supervisor and may then resolve as provided in section 4.3.

4.20 The dean of a faculty or chair of a college board may extend either of the time limits set out in section 4.17.

Revise and resubmit

4.21 Where a faculty or college board, following the consultation process referred to in sections 4.17–4.20, resolves under section 4.3.8 that the degree not be awarded but the candidate be allowed to revise and resubmit the thesis within a prescribed maximum period of time, this decision shall be reported to the PhD Award Subcommittee, which may note the decision or refer it back to the faculty or college board for further consideration, and the Registrar shall advise the candidate of the decision, of any provisions relating to appeals, the particular conditions applying and the general requirements in respect of revision and resubmission and shall provide such detail in relation to the examiners' reports as the head of department recommends and shall also advise the examiners, head of department and supervisor of the terms of the decision.

Degree not awarded

4.22 Where a faculty or college board, following the consultation process referred to in sections 4.17–4.20, resolves under section 4.3.9 that the degree not be awarded, this decision shall be reported to the PhD Award Subcommittee which may note the decision or refer it back to the faculty or college board for further consideration, and the Registrar shall advise the candidate of the decision, of any provisions relating to appeals, shall provide such detail in relation to the examiners' reports as the head of department recommends and shall also advise the examiners, head of department and supervisor of the decision.

Emendations and lodging of corrected thesis

4.23 A candidate, on receipt of advice from the Registrar that the degree has been awarded subject to emendations being made, shall make these emendations in consultation with his or her supervisor and head of department on all the copies of the thesis which are to be available within the University, including the copy printed on permanent or acid-free paper which is to be lodged with the University Librarian; shall comply with the requirements with respect to permanently binding a copy of the thesis; shall request the head of department to certify that the corrections have been made and shall submit the thesis copies to the Registrar by no later than the latest date advised for completing such action.

4.24 The Registrar, on receipt of at least one corrected, permanently bound copy of the thesis and a statement from the head of department that the corrections have been made to his or her satisfaction, shall cause all corrected hard copies submitted to be stamped, and electronic copies to be annotated and stored as 'read-only file' to indicate that the thesis is in the form which has been accepted for the degree; shall advise either the PhD Award Subcommittee or the faculty, as appropriate, that the corrections have been made and that the faculty or Subcommittee can therefore approve the award of the degree; shall write to the candidate advising that all the requirements for the award of the degree have been met; shall lodge the permanently printed copy with the University Librarian, and shall so advise the examiners, head of department and supervisor.

4.25 If a candidate does not carry out the required emendations within the time limit set, or the head of department after consultation with the supervisor does not consider that the emendations made are satisfactory, the head of the department shall refer the matter to the faculty or college board which may grant additional time or set different conditions or may initiate proceedings under the provisions for the termination of candidature.

Transfer to master's candidature

4.26 A faculty or college board may permit a candidate for the degree of Doctor of Philosophy who, after examination, has not been awarded the degree, to use part or all of the material in the
thesis as a thesis to be submitted for a master's degree, subject to completing all of the necessary administrative requirements.

Process of examination

5.4 Subject to section 5.5, all the provisions of sections 1, 2, 3 and 4 relating to the examination process apply to the examination of a revised and resubmitted thesis.

Resolutions of the Senate

Introduction
Following an extensive process of consultation by Cordiner King and a constructive meeting between the senior executive group and Senate, on the 6 October 2001, the Senate of the University of Sydney met in colloquium. The Senate considered a lengthy report on governance from Cordiner King and discussed a number of suggestions that were made in that document. The Senate reached a clear resolution on those matters for final ratification at a subsequent November 2001 Senate meeting.

The discussions centred on the working arrangements and governance role of the Senate. It was recognised that executive matters properly rested with the Vice-Chancellor and his team seeking the counsel of Senate, as appropriate, and ultimately accountable to the Senate as the governing body of the University under its Act. It was recognised that academic matters fell within the purview of the Academic Board, advising the Vice-Chancellor and Senate under the Rules.

In the broadest sense, the Senate felt that there are two main groupings of their resolutions, those that relate to outcomes and those that refer to means of achieving outcomes.

The first group reinforces the fundamental that governance is vested solely in the Senate through the collective action of the Fellows, presided over by the Chancellor and supported and advised by the Vice-Chancellor, directing the development of policy, assessing strategy, monitoring performance and reporting to the community.

Those resolutions define the following:
1. Role of the Senate
2. Role of the Chancellor
3. Role of the Vice-Chancellor
4. Evaluation of Senate Performance

The second group gives effect to Senate's determination to be fully supported in this governance role, through the establishment of working committees, the development of governance skills in Fellows, the review of Senate performance and the provision of adequate resources:
5. Executing the Senate's Task
6. Establishing Committees and Task Forces
7. Induction and Development of Fellows
8. Support for the Office of Chancellor and the Senate

To give effect to the outcome of the colloquium, Senate ratified resolutions earlier reached in or to the effect of the following matters pertaining to governance.

1. Role of the Senate
   The Senate is the governing body of the University. It is accountable for the delivery of teaching, learning and research outcomes which extend the knowledge base of the wider community taking into account the resources available to the University. The executive is accountable to it. The statutory powers and responsibilities of the Senate are defined under Section 16 of the Act (and elsewhere in the Act, By-laws and Rules). In this regard, the Senate should, without fettering such powers and discretions as derive from the office, undertake the following:

1.1 Accept the fiduciary responsibilities and accountability of Fellows as derive from the office while respecting academic freedom, ethical standing and legal requirements.

1.2 Ensure that academic standards are maintained, working through the Academic Board and the Vice-Chancellor.

1.3 Set and continually review the relevance of important policy and strategy, ensuring that it is properly informed about matters pertaining to its governance functions.

1.4 Appoint the Vice-Chancellor, agree on limitations to executive authority and regularly evaluate performance.

1.5 Set strategic direction within overall University policy on the advice of the Vice-Chancellor.

1.6 Reconcile capital plans and operating budgets against the strategic direction agreed with the Vice-Chancellor.

1.7 Monitor the progress of plans and audit compliance with overall policy.

1.8 Deepen and widen the links and communication between the University and the wider community.

1.9 Report formally to the wider community on strategic direction and outcomes.

1.10 Develop the collective knowledge of the Senate through a process of comprehensive induction of Fellows and ongoing learning.

1.11 Seek out expert advice from knowledgeable authorities on major issues to complement the skill base and experience of the Fellows and from within the University.

1.12 Formally review the collective performance of the Senate in discharging its responsibilities. (See 4)

1.13 Elect the Chancellor in accordance with the Act.

Insofar as certain of these functions may from time to time be properly carried out in Committee, this is only to be done under that authority and without detracting from the Senate’s ultimate accountability. (See 6) Interaction between the Senate and senior executives should be based on mutual respect and the maintenance of high standards.

2. Role of the Chancellor
   The Chancellor is elected by the Senate to facilitate its work and collegiality by effective and ethical means, providing a focal point to ensure the high standing of the University in the wider community. The statutory powers and responsibilities of the Chancellor are defined under Section 10 of the Act (and elsewhere in the Act, By-laws and Rules). The Chancellor should, without fettering such powers and discretions as derive from the office, undertake the following:

2.1 Preside over Senate meetings, oversee the development of Senate agendas and exercise the functions conferred by the By-laws working collaboratively with the Senate, the Vice-Chancellor and the University community; promoting the aims, ethos, independence, morale and spirit of the University and encouraging high standards.

2.2 With the Vice-Chancellor, ensure the Senate, the senior executives and the relevant Committees work fairly, with integrity, respecting confidentiality within transparent process and in an atmosphere of mutual trust and respect in an informed fashion; in particular ensuring that the Senate functions as it should, as a cohesive, accessible, effective, enquiring and informed body with a paramount fiduciary duty of loyalty to act in the best interests of the University owed by its members both individually and collectively. (See 3.6)

2.3 Preside on important ceremonial occasions such as graduation ceremonies, public lectures or seminars, sharing that responsibility as the Chancellor judges appropriate and facilitating the visibility and accessibility of the Senate within the University community and in particular to staff, students and alumni.

2.4 Work co-operatively with the Vice-Chancellor, available to give counsel and encouraging free, trusting and frank communication on all issues concerning the well being of the University.

In consultation with the Vice-Chancellor, provide a high level bridge to members of the wider community, promoting the aims of the University and responding to interest and concerns of society. (See 3.8)
3. Role of the Vice-Chancellor

The Vice-Chancellor is the Chief Executive Officer of the University and, whilst a Fellow, is in essence the only officer of the University employed as such while a member of the Senate, other than officers of the Senate Secretariat (see 8). The statutory responsibilities of the Vice-Chancellor are defined under Section 12 of the Act (and elsewhere in the Act, By-laws and Rules). The Vice-Chancellor should, without fettering such powers and discretions as derive from the office, undertake the following:

3.1 Promote the interests of and further the development of the University through prudent, effective and ethical means as chief executive and Fellow of the Senate and as the senior representative of its academic body, participating in ceremonial occasions.

3.2 Manage all the business of the University except where the Senate has explicitly determined limitations, such as:

3.2.1 matters of self interest or reward;

3.2.2 the appointment and termination of particular officers serving the Senate (the Secretariat); (See 8)

3.2.3 the composition of the Academic Board; and

3.2.4 the work of the internal auditor and audit committee.

3.3 Delegate to senior officers and academics the conduct of that business as appropriate and ensure that such delegations are effectively monitored.

3.4 Ensure that the Senate is thoroughly informed of administrative or academic implications and fiduciary risks or legal constraints which affect policy recommendations and strategic direction.

3.5 Establish supporting systems to monitor the performance of the University against agreed strategic direction and operating plans.

3.6 With the Chancellor, ensure the Senate, the senior executives and the relevant Committees work fairly, with integrity respecting confidentiality within transparent process and in an atmosphere of mutual trust and respect in an informed fashion; in particular ensuring that the Senate functions as it should, as a cohesive, accessible, effective, enquiring and informed body with a paramount fiduciary duty of loyalty to the University to act in the best interests of the University owed by its members both individually and collectively. (See 2.2)

3.7 Provide Senate with the particular background knowledge to support Fellows in the discharge of their governance responsibilities. (See 7)

3.8 Act as the key representative of the University with the wider community; sharing that responsibility with nominated officers and Fellows as appropriate and, in particular, with the Chancellor. (See 2.5)

4. Evaluation of Senate Performance

The prime concern of Senate and, indeed, all executive and academic leaders, must be on outcomes which improve the University. There is an increasing emphasis on a range of performance measures, which apply to the Vice-Chancellor and senior executive officers. However, the Senate itself should undertake a process of self-evaluation and form a collective view of its own performance.

Early in each year, and perhaps at an annual retreat, there should be a facilitated assessment of the Senate’s performance. The Senate should consider disclosing the result to the University. Annually, there should also be an assessment of past performance of the University against its earlier goals, and a determination of goals for the ensuing year. The goals will be derived from the present Strategic Plan, as refined from time to time, and others identified by the Vice-Chancellor and his executive team.

Although this annual assessment will need to be coordinated with the budget process, the goals in question are likely to be not only budgetary, but of a qualitative nature related to the Strategic Plan.

5. Executing the Senate’s Task

The policy making aspect of a policy is not an isolated task, but requires informed views and the input of those who will, in due course, implement policy. So, meetings of Senate require a structured approach. Senate should:

5.1 Ensure that Fellows have ready access to all relevant information about the University through, inter alia:

5.1.1 well-developed induction processes for new Fellows (See 7);

5.1.2 direct access by Fellows via the Vice-Chancellor to any officer to develop a background understanding;

5.1.3 direct requests for information to the most senior officers, being the senior executive team;

5.1.4 channelled requests for more detailed information via the Secretariat; (See 5.3) and

5.1.5 focussed background issue papers for meetings and colloquia.

5.2 Recognise that, subject to 1.3 above, the provision of information for Fellows should not unduly burden the officers concerned. It should be relevant to key issues of interest to the Senate as a whole and focussed in terms of scope and detail. The Chancellor and Vice-Chancellor may be asked to intercede in cases where requests are too onerous. (See 2.2)

5.3 Provide and separately account for the Secretariat (which would include the Secretary to the Chancellor) responsible for the concise assembly of material, in conjunction with the Registrar, to enable Senate to consider relevant issues in a fully informed manner and with appropriate input. The Secretariat will prepare and issue draft agendas and minutes for Senate and Committees of Senate and support the Fellows in other official aspects of their roles. (See 8)

5.4 Establish agendas for meetings of Senate through the Chancellor and Vice-Chancellor that reflect, in order:

5.4.1 priorities for important issues of policy and strategy;

5.4.2 urgent decisions for ratification;

5.4.3 matters of a legal or compliance nature;

5.4.4 progress reports on operating performance and strategic goals;

5.4.5 minutes of Committee or Taskforce work;

5.4.6 review of matters deferred from other meetings; and other important initiatives.

5.5 Establish, subject to the necessary rule changes, a reduced number of six routine Senate meetings per year in the Senate room. Routine Senate meetings will consist of whatever is not allocated to Senate colloquia within the ambit of Senate business. (See 5.6)

In addition, routine Senate meetings should have an identified opportunity, where practicable for the consideration of confidential matters, after which the public may enter to listen to proceedings in public session.

5.6 Establish up to five Senate colloquia per year, at which matters of broad policy or subjects otherwise appropriate for colloquia will be dealt with and resolutions reached. The colloquia should be held from time to time at other University sites, particularly where a Fellow in relation to activities at a certain site. Such colloquia should be identified as constituting formal Senate meetings. However, these formal meetings will not ordinarily deal with any other matter than the pre-set subject of the colloquium, save exceptional or urgent cases which can be dealt with in short compass. To deal with matters otherwise, a special separate Senate meeting should be convened.
6. Establishing Committees and Task Forces

Initially, the Senate should establish a Convening Committee, comprising the Chancellor, the Deputy Chancellor, the Vice-Chancellor and the Chair of the Academic Board. This Committee should be responsible for recommending to the Senate the charter, composition, chair and mode of communication of all Committees and Task Forces of the Senate. Like all other Committees, this Convening Committee would not be a decision-making body except where expressly delegated so by the Senate. The Senate should restructure its Senate Committees so that they include the following Committees (and Task Force) with the following responsibilities and composition (whilst leaving in place those other Committees such as the Advisory Committee for the Selection of Candidates for Honorary Awards (Honorary Awards Committee) now in existence as having separate responsibilities not inconsistent with the restructure).

6.1 An Audit Committee, reporting directly to Senate, comprising only non-executive and non-staff Fellows but with the capacity to add outside persons of appropriate expertise, and charged with reviewing:

6.1.1 compliance with policy;
6.1.2 the effectiveness of policy; and
6.1.3 the integrity of reporting.

6.2 A Finance Committee, to include oversight of investments, controlled or affiliated commercial entities and capital works, as well as oversight of financial, administration and policy implementation and governance, the continuous operation of commercial arrangements, joint ventures and corporate entities shall be reviewed and monitored in such a way that the Senate is kept fully informed by a set of protocols and accountabilities that are prudent and effective, consisting of quantitative and qualitative outcomes measured against pre-set objectives and benchmarks, such to be developed and reviewed by that Committee on a continuous basis.

6.3 A Remuneration Committee or Committees, as follows, to deal with sensitive personal aspects relating to:

6.3.1 the remuneration and performance evaluation of the Vice-Chancellor – to be evaluated by a Committee comprising the Chancellor, the Deputy Chancellor, the Chair of the Finance Committee) and one person appointed from outside the University;
6.3.2 the performance criteria and assessment against the criteria for senior executives, on the recommendation of the Vice-Chancellor – to be evaluated by such Committee that does not include staff or student Fellows, with the understanding that once those Committees have established outcomes, they will report back to the Senate.

6.4 A Task Force referred to in 5.8 to take submissions on, and then consider, the preferred balance and composition of the Senate in future, and frame any recommendations with regard to Fellows to be appointed to the Senate.
8.2.1 The resolutions covered in this Section are to be evaluated by the Finance Committee to establish the cost, the principle being full disclosure of:

8.2.1.1 a line item showing the costs of servicing the Senate; and
8.2.1.2 a sub-item of the costs of the Chancellor.

8.2.2 It was also agreed that the Chancellor should immediately appoint a suitable person to:

8.2.2.1 act as personal assistant to the Chancellor,
8.2.2.2 be available, through the Chancellor, to Senate,
8.2.2.3 appropriately assist the Chancellor in carrying out the Chancellor’s tasks,
8.2.2.4 assist as appropriate in maintaining active communications with Fellows; and
8.2.2.5 facilitate the reasonable requirements of Senate Fellows in relation to their tasks.

3. Consideration will also be given to a system by which individual Fellows can be reimbursed for reasonable out of pocket expenses in the Senate duties.

or force whatsoever until it is approved by the Senate.
5. The Senate will collect from members of the organisations named in section 2, provided that the relevant society or societies remain on the list in section 1, subscriptions for each organisation at rates approved by the Senate at its October meeting each year or at such other meeting as the Senate may determine and shall pay to the Students' Representative Council, the Sydney University Postgraduate Representative Association, the University of Sydney Union, the Student Association of the Sydney College of the Arts, the Sydney University Sports Union, the Sydney University Women's Sports Association and the Cumberland Student Guild, the proceeds of these subscriptions at such times as the Vice-Chancellor in the Vice-Chancellor's discretion may decide.

6. If in the opinion of the Vice-Chancellor any society should breach the provisions of these resolutions the Vice-Chancellor may suspend the payment of further sums collected as subscriptions for the society concerned and report the circumstances to the Senate for its determination.

7. No society referred to in section 1 shall directly or indirectly expend or cause or allow to be expended its funds or any part of them except in accordance with its constitution.

8. A society referred to in section 1 shall not act in any way contrary to the provisions of the University of Sydney Act.

9. 10. Every society listed in section 1 shall report annually to the Senate on its activities and supply audited financial statements, together with a balance sheet and such further information as the Senate may from time to time require.

11.3 The adviser shall inform the Vice-Chancellor when such advice is sought and given and shall in addition make an annual report to the Senate on advice sought and given.
Resolutions of the Academic Board

*These Resolutions are under review.

Principles for student appeals against academic decisions

Preliminary

1. Any student may complain about any academic decision that affects him or her. This document describes the principles and procedures to be followed by students, academic units and decision-makers when a student complains about an academic decision:

1.1 First, at a local level, to enable a student's concerns to be addressed in an informal way;

1.2 Secondly, by means of a formal, central procedure.

2. These procedures apply to all academic decisions made in relation to undergraduate and postgraduate course awards. A separate set of procedures applies with respect to postgraduate research awards.

3. In these procedures, an ‘academic decision’ means a decision of a member of the academic staff that affects the academic assessment or progress of a student.

4. Each stage below represents an opportunity to resolve the complaint. Members of academic staff are expected to attempt to resolve all students’ complaints at a local, informal level, wherever possible.

Principles that underpin these procedures

5. The following principles apply with respect to any dispute about an academic decision, whether dealt with formally or informally:

5.1 Timeliness. All disputes should, wherever possible, be resolved as quickly as possible. A procedure that creates a number of opportunities to resolve a problem should not be treated as a series of hurdles which prolong the dispute. Unresolved disputes have a detrimental effect on the performance of both students and staff involved.

Deadlines prescribed in these procedures should always be followed, unless there are exceptional circumstances. If the deadline is to be exceeded by staff, the student must always be informed of the length of, and the reason for, the delay. Time limits allowed to students are generally longer than those allowed to staff. As a general rule, it may be more appropriate to relax time limits for students within reason. Students may find pursuing a complaint or an appeal a difficult and stressful undertaking.

They may need further time to marshal the confidence, support and evidence they need to pursue a complaint. Students should also be able to express their complaint in their own terms.

Confidentiality. All student appeals must be treated confidentially at all stages of the process. Any information about a complaint must be strictly limited to those staff who need to know about it in order to deal with the complaint. For example, where a complaint is dealt with at departmental or faculty level, any sensitive personal information about the student should only be available to the head of the department, dean (or college principal) or the staff member assigned to the appeal. If information needs to be distributed at a broader level, then the student's written consent must first be obtained.

5.3 Without disadvantage. The fact that a student has made a complaint under these procedures should not disadvantage the student in any way, especially by way of victimisation. That said, the fact that a student has had to complain often does, of itself, cause disadvantage, for example, delay in finalising the mark for a unit of study. However, students should be able to complain under these procedures and feel confident that they will not be disadvantaged in any other way.

5.4 Procedural fairness. All staff involved in a complaint or an appeal have a duty to observe the principles of procedural fairness (sometimes called natural justice), which include the following.

5.4.1 Staff and students involved in a complaint are entitled to raise all issues which are important to them, and to put their points of view in their own terms. In most cases, any formal complaint will be dealt with by means of written submissions. In some cases, however, it may be appropriate to deal with the matter by interviewing the relevant parties. This will be determined by the relevant decision-maker.

5.4.2 Staff and students are entitled to have matters dealt with in an unbiased manner, and lack of bias should always be apparent. It is impossible to list all types of potential bias.

One example is where a staff member involved in conciliating a complaint has a close personal relationship with the student. The question for any decision-maker is whether he or she has a pre-conceived view that is so strong, and so related to the matter being decided by the staff member, that it is reasonable to suspect that he or she is unable to listen to the complaint in a fair manner, and to deal with that complaint on its merits alone. Any person concerned about bias is expected to raise it with the appropriate person promptly.

5.4.3 Parties are entitled to know the basis on which decisions about them have been made, and accordingly reasons should be given for a decision, in sufficient detail that it is reasonable to expect a student to be able to understand the decision.

5.5 Support. Any person involved in this process who is disadvantaged in any way in their ability to present their case should be allowed the support and advice they need to participate effectively. While a conciliatory approach is preferred and encouraged under these rules, it may be appropriate, in some circumstances that the student or staff member has another person speak on his or her behalf.

5.6 Record-keeping. In order to facilitate resolution of student complaints, it is important that staff establish and maintain proper records (through the Records Management Services filing system) once a complaint becomes formal. Staff are also advised to keep brief notes of any informal discussions with students. Copies of documentation given to students in relation to a unit of study should be kept, as well as a record of the date on which that information was supplied to students and the means by which it was disseminated. This may be important to the speedy resolution of a complaint.

5.7 Access. Students should normally have a right of free access to all documents concerning their appeal. This right does not apply to any documents for which the University claims legal professional privilege.

Procedures for student appeals against academic decisions for undergraduate and postgraduate coursework awards

6. Informal resolution with teacher

6.1 If a student is concerned about any academic decision, he or she should first discuss the issue informally with the relevant

Student appeals against academic decisions

8.6 The dean or college principal or director must try to resolve the complaint within 10 working days of receiving the complaint, and then advise the student in writing of his or her decision:

8.6.1 setting out the reasons;
8.6.2 advising that if the student does not agree with the decision, then the student has a right of appeal under these procedures; and
8.6.3 giving to the student a copy of these principles and procedures, if the student does not already have a copy.

9. Written appeal
9.1 If the student is not satisfied that his or her concerns have been addressed satisfactorily under paragraph 8, the student may lodge a written appeal in accordance with the University of Sydney (Student Appeals against Academic Decisions) Rule 2006.

Procedures for Student Appeals Against Academic Decisions for Postgraduate Research Awards

10. Informal resolution
10.1 Students are expected to seek to resolve any problems or difficulties through, in order, the supervisor, departmental postgraduate coordinator, the head of department or school, chair of the faculty board of postgraduate studies or equivalent.

11. Approach the dean or college director or principal or chair of the board of studies
11.1 A student who has not resolved a problem in respect of an academic decision made by the faculty, college or board of studies (hereafter referred to as "the faculty") in respect of the award of a degree or other matter which affects the student's candidacy may approach the relevant dean or college principal or director or chairperson of the board of studies.
11.2 The student may, at this point, choose to approach the dean or college principal or director or chairperson of the board of studies in writing.
11.3 If a student chooses to approach the dean or college principal or director or chairperson of the board of studies informally under paragraph 11.1, this does not later preclude the student from proceeding formally under this paragraph 11 by putting his or her complaint in writing to the head of department.
11.4 If the dean or college principal or director or chairperson of the board of studies (hereafter referred to as "the dean") on an informal basis, or else put his or her complaint in writing. A student intending to approach the dean informally or formally must:

11.2.1 give notice of this intent to the dean within one calendar month of the date of notification of the decision; and
11.2.2 lodge the formal appeal with the dean within two calendar months from the date of the notification of the decision.

Informal complaints

11.3 In some cases the dean may nominate another faculty officer, for example a pro-dean or associate dean, to deal with the matter, except that the dean may not nominate any faculty officer to deal with the matter under this paragraph 11 who was the decision-maker in respect of the matter concerned.

11.4 If the dean was the decision-maker in respect of the matter concerned, then the pro-vice-chancellor of the relevant academic college shall act as decision-maker under this paragraph 11.
11.5 If a student chooses to approach the dean informally under paragraph 11.2, this does not later preclude the student from proceeding formally under paragraph 11.2 by putting his or her complaint in writing to the dean.
11.6 The dean should then deal with informal complaints promptly, giving a full explanation to the student of the reasons for the academic decision. Many complaints should be resolved at this stage.

Formal complaints

11.7 The dean must acknowledge receipt of a formal complaint in writing within three working days of receipt.
11.8 The dean must try to resolve the complaint within ten working days of receiving the complaint, and then advise the student in writing of his or her decision:

11.8.1 setting out the reasons;
11.8.2 advising that, if the student does not agree with the decision, then the student has a right of appeal under these procedures; and
11.8.3 giving to the student a copy of these principles and procedures, if the student does not already have a copy.

12. Approach the Chair of the Research and Research Training Committee
12.1 A student who has not resolved a problem relating to an academic decision made by the faculty in respect of the award of a degree or which affects the student's candidacy under paragraph 11 may approach the Chair of the Research and Research Training Committee.
12.2 The student may, at this point, choose to approach the Chair of the Research and Research Training Committee on an informal basis, or else put his or her complaint in writing. A student intending to approach the Chair of the Research and Research Training Committee informally or formally must:

12.2.1 give notice of this intent to the Chair within one calendar month of the date of notification of the decision by the dean under paragraph 11; and

12.2.2 lodge the formal appeal with the Chair within two calendar months from the date of the notification of the decision under paragraph 11.

13. Consideration of appeal by the Chair of the Research and Research Training Committee

13.1 The Chair must acknowledge receipt of a formal complaint in writing within three working days of receipt.

13.2 The Chair must seek a report from the dean of the faculty and may consult with other persons as appropriate.

13.3 If, after considering that report, the Chair concludes:

13.3.1 that the appeal is based solely on a question of academic judgement;

13.3.2 that the proper academic procedures (including any procedures specifically established by the faculty or department) have been followed; and

13.3.3 that the appeal raises no issue of general principle requiring consideration by the Research and Research Training Committee;

the Chair should disallow the appeal.

13.4 If the Chair does not disallow the appeal he or she must:

13.4.1 refer the matter back to the dean for action and report; or

13.4.2 refer the matter to the Research and Research Training Committee.

Having received a report after referring the matter to the dean the Chair may refer the matter to the Research and Research Training Committee.

13.5 The Chair shall inform the student in writing of his or her decision. If the decision is to disallow the appeal, the student will be informed of any further avenues of appeal. If the decision is to allow the appeal to proceed, the student will be informed that the appeal has been referred to the Appeal committee of the Research and Research Training Committee.

Appeal Committee of the Research and Research Training Committee

14. There is to be an Appeal Committee of the Research and Research Training Committee consisting of:

14.1 three academic staff members of the Committee (not involved in the candidature),

14.2 one postgraduate student member of the Committee selected by the Chair,

14.3 the Dean of Graduate Studies, and

14.4 the Chair or the Chair's nominee (who is to preside).

Any four members constitute a quorum.

15. If the appeal raises an issue of general principle, the Appeal Committee may consider that issue and may direct the Chair of the Research and Research Training Committee or the dean of the faculty concerned to deal with the appeal in accordance with its decision on that issue.

16. The Appeal Committee may:

16.1 refer the matter back to a faculty with a recommendation for action,

16.2 dismiss the appeal, or

16.3 if the faculty declines to accept the recommendation for action, amend or alter the decision (including amending the result on behalf of the Board of Postgraduate Studies or Board of Examiners).

Procedure

17. An Appeal Committee under these resolutions must allow the student to make written observations on the appeal and may, if it thinks the issue raised is sufficiently serious, allow the student to appear in person. The student may be accompanied by a friend.

18. An Appeal Committee must reach a determination under these resolutions within a reasonable period of time. The dean or Chair must keep a record of the process of the appeal.

19. The decision of an Appeal Committee under these resolutions shall be communicated in writing to the parties with a brief statement of the reasons for the decision. If the appeal is dismissed the appellant shall be advised of any further avenues of appeal and of sources of advice.

Appeal to Senate

20. If the student is not satisfied that his or her concerns have been addressed satisfactorily under this procedure, the student may lodge a written appeal in accordance with the University of Sydney (Student Appeals against Academic Decisions) Rule 2006.
